Financial Aid 2018-19
REQUIRED READINGS
Transfer Financial Success Counseling

A required session for ALL new transfer students with a financial aid counselor.

30 MINUTE APPOINTMENT INCLUDES:
- Budgeting Tips
- How to Avoid Financial Pitfalls
- Must-Have Resources
- Ins-and-Outs of Student Loans
- Important “To-Dos”

Sign up during orientation or at the Office of Financial Aid & Scholarships within the first two months at UNI.

Scholarship drawings are held for participants.

Reviewing the Financial Aid Award

Award Notification on MyUniverse

How to find the award notification:

- Login to MyUNIverse at http://MyUNIverse.uni.edu using your CatID and password. The initial username and password is created when the application for admission is submitted.

- On the My Page tab, click on Go to My Student Center.

- In the Finances section, click on Accept/Decline Awards.

- Select the aid year. The aid year is based on the year that the academic year ends. Ex. 2018-2019 academic year would be aid year 2019.

The Financial Aid Award lists the names and amounts of specific types of financial aid that make up the student’s award.

If the award does not show a specific type of aid, either the student was not eligible for that aid or funds were no longer available.

The Financial Aid Award is based on full-time enrollment (12+ credits for undergraduate and 9+ credits for graduate). Grants are prorated according to the number of hours the student is enrolled.

Federal regulations require scholarship(s) be included in the student’s package. Scholarships reported will reduce or replace other forms of financial aid. UNI’s policy is to reduce the student’s aid in the following order when possible: loans, work-study, grants.
Reviewing the Financial Aid Award

Accepting & Declining Financial Aid
The financial aid award package screen is where decisions are made regarding the award.

Accept or decline loans and work-study before clicking submit. Once accepted, a box will appear allowing the student to customize the amount they would like to accept for the year.

Students cannot accept the Direct PLUS Loan on their Student Center. Parents wanting to borrow a Direct PLUS Loan should log into www.studentloans.gov using their FSA ID. Once logged in, parents will complete the following:
• Apply for a Direct PLUS Loan
• Complete Loan Agreement (Master Promissory Note) for Parent PLUS

Expected Family Contribution (EFC)
The EFC is determined by the Free Application for Federal Student Aid (FAFSA) and is a theoretical amount the student and family can contribute to the student's education. This figure is used to determine the types of aid a student may receive.

Determining Financial Need
Need-based financial aid is available to families that demonstrate a need for additional resources. The Direct Unsubsidized loan, PLUS loan and TEACH Grant do not require financial need.

Understanding the Award
Near the bottom of the Award Summary is a link to the Financial Aid Summary. This link opens a calculation of estimated need as determined by the FAFSA, and a breakdown of expenses used to calculate the student’s estimated financial aid budget.

Unusual Circumstance
If the student’s family has experienced an unusual circumstance such as a loss of income, large out-of-pocket payments for medical or dental expenses, or incurred non-discretionary debt due to a funeral or natural disasters, contact our office for details on how we may be able to assist.

Less Than Full-time
Financial aid is based on full-time enrollment. If the student is not enrolled full time by the census date (end of 10th day of classes), their aid will be adjusted at that time to reflect their actual enrollment. If the student fully withdraws from all their courses after the first disbursement, their aid will be charged back according to how much of the semester has been completed.
Cost of Attendance (COA)

COA=Direct Expenses+Indirect Expenses

Direct Expenses: Expenses that will be displayed on the U-Bill and owed directly to the university.

Indirect Expenses: Estimated amounts for books and supplies, off campus living expenses, personal expenses and transportation expenses. The actual amount a student pays for these items may vary.

<table>

*Direct expenses are an estimate. Final figures are expected in late spring 2018.

Indirect Expenses

Books may initially be an out-of-pocket expense for students. Financial aid is available to help purchase books; however due to the timing of aid crediting, many students may need to purchase their books before classes begin using out-of-pocket funding. The price of textbooks will vary depending on a number of different factors:

- New vs. used: Purchasing used texts will allow for savings; however used books tend to sell quickly. Many students purchase texts online in an effort to save money.
- Certain courses require several books.
- Some majors require books that are more expensive than others.
- Renting vs. buying books: Renting may be a less expensive option.

Personal expenses include but are not limited to; clothing, entertainment, personal needs, room decorations and communication devices.

Transportation expenses are estimated expenses of the cost of traveling to and from home during breaks and long weekends.
Changes to COA

Budget Increases
Students experiencing unexpected expenses related to college, such as car repairs, a computer purchase, child care or commuting expenses, may be able to request an increase in their COA.

This additional budget amount may only increase the eligibility to borrow loans. Students will want to consider whether they can pay for these expenses with employment earnings, savings or financial assistance from family or friends.

Requests for budget increases require documentation of the expenses and will be reviewed on an individual basis. Contact our office for more information.

Studying Abroad
The Study Abroad Center offers academic opportunities in more than 60 countries for students interested in studying abroad.

The cost for study abroad programs varies widely, depending on the type, length of time and location of the program. After selecting a program, a student should set up an appointment with a Financial Aid Counselor to discuss funding options. A student may request an increase in their COA based on the cost of a particular study abroad program.

This additional budget amount may only increase the eligibility to borrow loans, so students must budget wisely and consider other sources of financial assistance such as savings, financial assistance from family and earnings from employment.
How Financial Aid is Awarded

Awarding Parameters
Financial aid programs were created with the idea that the primary responsibility for paying for college rests with the student and their family.

Need-based financial aid is available to families that demonstrate need for additional resources. Students with the greatest need will receive a larger proportion of gift aid. Typically, need-based gift aid is awarded on a first-come, first-serve basis, providing assistance to as many students as possible. In compliance with federal regulations, the total financial aid awarded will not exceed the student’s COA.

The Office of Financial Aid and Scholarships has a limited amount of federal, state and institutional funds. Due to the availability of funds, some types of aid are not awarded in conjunction with each other.

Grants and scholarships are added to an award first. Institutional financial aid (grants and scholarships) may not exceed the cost of tuition, fees, room, board and books. Federal Direct Loans are then added to an aid package to ensure that an award meets the COA. If a gap remains between costs and financial aid, a Direct PLUS Loan or a private education loan could be considered.

How Scholarships are Awarded
UNI offers scholarships each year to students on the basis of merit and/or achievement. Many scholarships consider financial need as determined by the FAFSA. Scholarship selection is competitive and not all applicants will receive a scholarship. Scholarships require full-time enrollment and a minimum grade point average. Renewal of university scholarships may require any or all of the following: minimum grade point average, financial need, major and annual completion of the UNI Scholarship Application.

Incoming Freshmen & Transfer Students
Some scholarships are awarded at the time of admission. Students will be notified of selection for these awards by the Office of Admissions. All other scholarships require the annual completion of the UNI Scholarship Application. This allows students to apply for scholarships available in specific majors and university departments. The application is available in late summer, with a deadline of January 15 for most scholarships. Students need to complete the application annually.

Current Students
The UNI Scholarship Application is the centralized online application for scholarships. Students should begin the application process early and check carefully for scholarship deadlines. The application is available in late summer, with a deadline of January 15, and should be completed annually.

Graduate Students
Graduate students should check with the Graduate College and their academic department to inquire about and apply for graduate scholarship opportunities.
# How Much Aid to Accept

## Budget Worksheet
This worksheet along with the financial aid award can help students borrow only what is needed to pay for college. Financial Aid Counselors can answer questions or help if uncertain about how much financial aid to accept.

<table>

### Balance Remaining for the 2018-2019 Academic Year

|                      | =          |

If a balance exists, reevaluate the figures to determine how expenses will be paid. See pages 18 to 21 for payment information. If the balance is negative, determine if the entire amount is needed of if loan amounts can be reduced.
Accepting Loans

Subsidized & Unsubsidized Loans
Students can accept their own loans online in their Student Center. If the student wants to decline or borrow less than what is stated on the award, they may lower the amount of the loan, but may not increase the amount.

If a loan is initially reduced or declined, it can still be accepted throughout the academic year by contacting our office. First-time borrowers must complete the Master Promissory Note (MPN) online at www.studentloans.gov. The MPN is valid for 10 years.

In addition to the MPN, if a student is borrowing a loan at UNI for the first time, they must complete online Entrance Counseling at www.studentloans.gov.

Loans are split evenly between the fall and spring semesters, unless the loan is indicated to be fall-only or spring-only. The first disbursement will be at the beginning of the fall semester and the second disbursement will be at the beginning of the spring semester.

Master Promissory Note (MPN)
The borrower is agreeing to repay the lender (U.S. Department of Education) all loans made under the MPN. The borrower also confirms they understand multiple loans may be made under this MPN. The MPN covers both the Federal Direct Subsidized Loan and the Federal Direct Unsubsidized Loan. The amount of subsidized and unsubsidized loans the student is eligible for is included on the award. The MPN does not show a specific loan amount because it also serves as the promissory note for future loans.

PLUS Loan for Parents
Dependent students are not able to accept PLUS loans on their award because the borrower is the parent, not the student.

Parents wanting to borrow a Direct PLUS Loan should log into www.studentloans.gov using their FSA ID. Once logged in parents will complete the following:
- Apply for a Direct PLUS Loan
- Direct PLUS Loan Master Promissory Note

If the parent borrower has borrowed PLUS Loans at UNI previously for the same student, they will only need to complete the “Apply for PLUS Loan” link.

If a parent has more than one student attending UNI, a separate PLUS Loan Master Promissory Note and “Apply for a Direct PLUS Loan” form must be completed for each student.

Private Education Loan
If parents elect not to accept the PLUS loan, students have the opportunity to apply for a Private Education Loan. These loans are offered through private lenders. It is suggested that students research lenders to learn about the terms, rates and benefits of their particular loan. All Private Education Loan borrowers are required to meet with our office prior to certification of the loan.
Understanding Scholarships

Scholarship Availability
At the time the award is created, any scholarship our office has been informed of will appear on the student’s award. If we are informed of a scholarship after the initial award is created, a revision to the award will be made. An email notification is sent to the student’s UNI email account regarding the revision.

Scholarships awarded from the Office of Admissions and individual departments will specify if they are renewable, and what criteria is required for renewal. Some scholarships are awarded on a year-to-year basis, and require the UNI Scholarship Application be completed each year for full consideration.

Impacts of Withdrawing
If a student withdraws from classes, any undisbursed funds are returned to the department that awarded it, or to the off-campus donor.

Thanking Donors
Funds for scholarships come from individuals who have given their own assets to assist students. It is very important to thank them for their generosity. In the thank-you letter refer to the scholarship by the name displayed on the award. Tell the donor about yourself, such as where you are from, major, why you chose UNI, goals and future plans. Be sure to thank them and proof your letter!

Hometown Scholarships
Scholarships awarded from local communities, organizations, churches or other private sources are referred to as Hometown Scholarships. Students receiving these scholarships must report them to our office, per federal regulations.

Hometown Scholarships Checks
Most scholarship checks are made payable to UNI and the student. Students will need to endorse the check, add their student ID number and full name before mailing the check to our office.

If the donor requires enrollment verification please contact the Office of the Registrar at 319-273-2241 or via e-mail at registrar@uni.edu.

If the donor requires billing confirmation please contact the Office of Business Operations at 319-273-2162 or via e-mail at student-accounts@uni.edu. UNI only electronically bills students.

Once the check is received and processed, the scholarship will credit to the student’s U-Bill, provided the student is enrolled full-time. If the student is not full-time, an enrollment exception must be granted by the donor, or the scholarship funds will be returned. Scholarships are equally split between semesters; half for fall term, half for spring term, unless the donor specifies differently.

Donor Information
Donors should use the UNI Scholarship Donor Form when submitting checks at: finaid.uni.edu/scholarship

Mail checks to:
UNI Office of Financial Aid & Scholarships

Cedar Falls, IA 50614-0024
SCHOLARSHIP CRITERIA FOR FALL 2018 APPLICANTS

Applicants applying directly from high school for fall 2018 will be automatically considered for these four year scholarships:

**Distinguished Scholars Award**

Three levels:
- $1,000, $1,500 or $2,000 (annually)
  - Must be an Iowa resident
  - Must be a new high school graduate
  - Renewable with a college GPA of 2.5 or above

**Out-of-State Scholars Award**

Three levels:
- $1,000, $2,000 or $3,000 (annually)
  - Must maintain out-of-state residency for four years
  - Must be a new high school graduate
  - Renewable with a college GPA of 2.5 or above

**Provost Scholars Award**

Two levels:
- $1,000 or $1,500 (annually)
  - Must maintain out-of-state residency
  - Must be a new high school graduate
  - Renewable with a college GPA of 2.5 or above

**Multicultural Scholars Award**

Three levels:
- $1,000, $1,500 or $2,000 (annually)
  - Requires ethnic or racial status of African American/Black, Hispanic/Latino/Spanish, Alaskan Native or American Indian, Asian, Native Hawaiian or other Pacific Islander
  - Renewable with a college GPA of 2.5 or above

Admitted students who have been recognized as a semifinalist or finalist with National Merit or National Achievement scholarship competitions or a National Hispanic Scholar are eligible for the top level awards for the Distinguished Scholars Award, Multicultural Scholars Award, and/or the Out-of-State Scholars Award. Students must notify the Office of Admissions and submit official documentation of their status with these organization(s).

### Scholarships Table

| **Education and Training Voucher** | • Awards prorated for less than full-time enrollment   
Please visit www.iowacollegeaid.gov for amounts   |        |

NOTE: Most scholarships are renewable; offer letter will contain details.
Freshmen Scholarships

<table>
<thead>
<tr>
<th>Scholarship Program</th>
<th>Award Amount</th>
<th>Requirements</th>
</tr>
</thead>
</table>
| UNI Residents of Iowa Excellence Award (UNI RISE Award) | $4,000 | • Be an Iowa resident entering UNI directly from high school.  
• Have an ethnic or racial status of African American/Black, Hispanic/Latino, Alaskan Native or American Indian, Asian, Native Hawaiian or other Pacific Islander.  
• Have an ACT composite score of 23 or higher, or SAT combined EWR+M of 1140 or higher. (Students who do not meet the ACT or SAT score may be considered if they have a Regents Admissions Index (RAI) score of 290 or higher).  
• Demonstrated involvement in activities outside of the classroom, which could include community service, and display leadership or potential for future leadership.  
• Apply for admission and submit the UNI Scholarship Application by January 15.  
Note: Preference will be given to students who demonstrate financial need as determined by the FAFSA, and/or first-generation students. $2,000 to be applied towards summer tuition during one summer term at UNI. The summer would be optional to students, and could be used for summer study abroad. |
| CBA Scholars Awards | $500 to $7,000 | • Plan to major in one of the CBA degree programs  
• ACT of 27 or higher on both math and composite scores |
| COE Scholarships | $3,000 to $5,000 | • Plan to major in one of the COE degree programs  
• ACT of 26 or higher and rank in top 25% of high school graduating class |
| COE Dean’s Teacher of Color Scholar Awards | $4,000 | • Plan to major in one of the COE degree programs  
• Ethnic or racial status of African-American/Black, Hispanic/Latino, Alaskan Native or American Indian, Asian, Native Hawaiian Pacific Islander or blended heritage  
• Minimum ACT of 23 or SAT EWR+M 1140 or RAI of 290 or above |
| Benjamin J. Allen Teacher Education Scholar Awards | Up to in-state tuition | • Plan to major in one of the COE degree programs  
• Minimum ACT of 26  
• Iowa resident |
| Dean’s Scholarships | Up to $6,000 | • Minimum ACT of 27  
• Rank in the upper 15% of high school graduating class  
• Plan to major in one of the following: Art, Communication Studies, Communication Sciences & Disorders, Languages & Literatures, Music, Philosophy & World Religions or Theatre  
Art scholarships are competitive. Awards are determined by committee review. |
| Art Scholarships | Up to $6,000 | • Portfolio review; visit the UNI Scholarship Application for details  
Art, music and theatre scholarships have early deadlines! |
| School of Music Scholarships | Up to $6,000 | • Admission to the school of music for music majors: select scholarships for all majors with instruments of need; visit the UNI Scholarship Application for details.  
School of Music Scholarships have early deadlines! |
| Theatre Activity Scholarships | Up to $2,500 | • “B” average or rank in upper 30% of high school graduating class  
• See UNI Scholarship Application for details  
Theatre Activity Scholarships have early deadlines! |
| Science Technology & Mathematics Scholarships | Up to $8,000 | • Plan to major in one of the following: Biology, Chemistry & Biochemistry, Computer Science, Earth Science, Technology, Mathematics or Physics  
Science Technology & Mathematics Scholarships have early deadlines! |
| James E. Kercheval Memorial Scholarships | $5,000 to $8,000 | • Serious interest in pursuing a major in Chemistry or Biochemistry  
James E. Kercheval Memorial Scholarships have early deadlines! |
| CSBS Scholar Awards | Up to $6,000 | • Academic achievement  
• Plan to major in one of the CSBS degree programs  
CSBS Scholar Awards have early deadlines! |
| CSBS Multicultural Scholar Awards | $500 to $5,000 | • Underrepresented racial, cultural or ethnic background  
• Plan to major in one of the CSBS degree programs  
• Academic achievement  
• Financial need may be considered  
CSBS Multicultural Scholar Awards have early deadlines! |
| Alderman Scholarships | Up to $6,000 | • Good academic standing  
• Plan to major in one of the CSBS degree programs  
• Awarded to needy, worthy and appreciative students who have experienced difficulties  
Alderman Scholarships have early deadlines! |
# Transfer Scholarships

Scholarships are awarded for an academic year (fall and spring). **College scholarships have a January 15th deadline unless noted otherwise.**

The following are awarded at the time of admission and do not require a separate application. Priority is given to students admitted by March 1. Any remaining allocations will be awarded on a first-come, first served basis.

Teaching Majors!

If you’ll be teaching in a high-need field of study and in a low-income school, you need to know about:

TEACH Grants!

TEACHER EDUCATION ASSISTANCE FOR COLLEGE AND HIGHER EDUCATION GRANT

TEACH Grant recipients can receive up to $4,000/year for four years as an undergraduate and two years as a graduate.

To qualify for a federal TEACH Grant you must:

• Be a U.S. citizen or eligible non-citizen
• Complete the FAFSA
• Score above the 75th percentile on college admissions test (ACT or SAT) or maintain a GPA of at least 3.25
• Be enrolled as an undergraduate (first B.A. only) or graduate
• Be enrolled in coursework that is necessary to begin a career in teaching in an identified high-need field
• Be in a qualifying major or minor
• Sign an agreement to teach full-time in a low-income school and in a high-need field for four academic years within eight calendar years after graduation

Contact the Office of Financial Aid and Scholarships at 273-2700 for more information about the TEACH Grant.
Additional Assistance
If a student receives additional funds not listed on the award (off-campus scholarships), report them immediately to our office. To do this, go to the Student Center and select Report Other Financial Aid in the finances tab; fill in the provided area.

If there is any change to the financial aid eligibility because of the additional assistance, the student will receive an email notifying them of the revision. Whenever a student receives additional assistance, the award may be adjusted or reduced, even if aid has already been disbursed.

Students enrolled at more than one institution are prohibited from receiving financial aid from both institutions.

Title IV Federal Aid
In order to receive federal aid, students must not be in default on federal educational loans or owe any refunds on federal grants received at any postsecondary institution. An official final high school transcript must also be on file in the Office of Admissions.

Students may use funds listed on the award only for educational expenses incurred at UNI for the 2018-2019 academic year.

The university applies financial aid directly to charges on the U-Bill. Funds in excess of these charges at the time of disbursement will be released to the student as a refund. If subsequent charges are made to the U-Bill, it is the student’s responsibility to pay them.

Financial aid does not cover certain charges. Check the U-Bill at least once a month to be sure there are not unpaid charges. Financial aid awarded for a specific semester can only pay for charges for that semester, and the aid can only be disbursed to the U-Bill for that same semester. It cannot be used to pay prior semester balances.

Enrollment Requirements
We assume that students will enroll full-time in a degree program at the university. The COA includes an allowance for tuition at a full-time rate. Students must be enrolled at least half-time (6 hours per semester for undergraduates and 5 hours per semester for graduates) in for-credit classes to receive any financial aid. Non-credit classes are not eligible for financial aid. If students enroll less than full-time but at least half-time, the aid may be reduced based on the enrollment level. Note:

- Scholarships require full-time enrollment before disbursement.
- Not-for-credit, audited, guided independent study and Camp Adventure classes do not count towards enrollment.
- Less than full-time enrollment may reduce future aid eligibility and Satisfactory Academic Progress (see page 22-23)

Our office monitors enrollment. If a student withdraws from courses and falls below the minimum credit hour requirements, they may be required to repay all or part of their aid. If students are considering withdrawing from a class, discuss the situation fully with a Financial Aid Counselor before doing so. Adjustments to financial aid are not made until after the drop/add (Census) date for each semester.
Terms & Conditions

If the student chooses or is asked to withdraw from the university, inform our office immediately. If the student received a federal student loan, they will be sent information about completing exit counseling. Depending on when they withdrew, they may be required to repay all or part of their aid.

Our office is required to verify that students who receive a non-passing grade (any grade other than A, B, C, D, I or P) actually attended the class, and earned a non-passing grade.

To remain eligible for financial aid, students must make satisfactory academic progress toward completion of their degree requirements (see page 22-23).

Undergraduate students who have received one bachelor’s degree and are pursuing a teaching licensure program or second degree in another program will only be eligible for loans. However, a student enrolled in an approved dual-degree program or who is a double major may qualify for aid aside from loans.

Students enrolled as a non-degree student, and wanting to receive financial aid, need to contact their academic department or the Office of the Registrar to determine their degree status.

15 TO FINISH!

Taking 15 credit hours per semester enables students to receive their degree at a quicker pace, while saving money by avoiding an extra year of college.

| Tuition and Fees:          | $9,027  |
| Room and Board:           | $8,948  |
| Textbooks for one year:   | $900    |
| Loss of salary (average starting salary): | $40,000 |
| Potential Financial Loss: | $58,875 |

*Some majors require five years to finish and/or some students prefer to progress at a slower rate. This is intended to promote financial awareness.
**Disbursing Financial Aid**

**Receiving Financial Aid**
The earliest financial aid can be disbursed is one week prior to the semester beginning; financial aid continues to disburse daily (Monday-Friday) after that point.

If a student is not meeting criteria to have their aid disbursed at the time of the initial disbursement, but meets the requirements later within the semester, their aid may be able to disburse at that time.

Grants, scholarships, and loans are first applied directly to the U-Bill to pay charges for tuition, fees, university housing and other university charges. Financial aid awarded for a specific semester can only pay for charges for that same semester.

In compliance with federal regulations, the total financial aid awarded will not exceed the student’s Cost of Attendance. If additional aid is awarded, a manual review will occur and the overawarded aid may be charged back. It is the responsibility of the student to pay back any aid that is charged back due to an overaward.

**Refunds**
If financial aid exceeds the charges on the U-Bill, the student will receive a refund. Students may have the refund deposited directly to a bank account. If they do not choose this option, a paper refund will be issued. Paper refunds are printed weekly on Friday and held for pick up at the Cashier’s window at 103 Gilchrist Hall. Students are required to provide valid identification when picking up their check. Checks not picked up within 14 days will be mailed to the student’s permanent home address. The receipt of funds will be significantly delayed if they are not set up for direct deposit.

If a refund is received for a loan and the funds are not wanted, the entire refund or a portion may be returned to our office to reduce the loan for the current semester. UNI will return the funds to the lender lowering total loan indebtedness.

If a refund is received yet the student still owes money on their U-Bill, the student may not have given permission to authorize financial aid to pay miscellaneous charges (see page 19).

**Direct Deposit**
Students must enroll for direct deposit through their MyUNIverse within the My Page tab. It is the responsibility of the student to ensure the accuracy of their bank routing and account numbers to avoid delays. Students will receive an automatic email notification each time a refund is sent to their bank account. Students are encouraged to verify receipt of funds with their bank prior to conducting any transactions.

The university will initiate direct deposit refunds daily beginning the first week prior to classes, and continuing through the second week of classes, to accommodate increased financial aid disbursements. Beginning the third week of each semester, direct deposits will be initiated on Monday, Wednesday and Friday of each week.

Parents can have the Parent PLUS Loan deposited directly to their bank account by completing the Direct Deposit for Parent PLUS Loans form. This form is located at obo.uni.edu/student_accounts.

**Work-Study**
Work-Study is earned by working for Work-Study employers. The student receives the wages as a paycheck and it is not automatically applied to the U-Bill. Wages are typically paid bi-weekly through the employer’s payroll system. Students interested in community service may find a position available through the Work-Study program. Work-Study jobs are posted on the web at careerservices.uni.edu.
Student Billing
The U-Bill is maintained by the Office of Business Operations (OBO). OBO notifies students by email the first of each month if there has been activity on the account. The email lets the student know they have a U-Bill available to view or print on the Student Center. Payment for each semester’s charges are due the 20th of each month. If the due date falls on a weekend, the due date will be the first business day following. The university does not send paper bills.

U-Bills for the fall semester will be issued to students in early August. New charges are billed throughout the semester. To determine how much the student owes, go to the Student Center and look at the Account Summary in the Finances section. To see charges in detail, select Account Inquiry from the Student Center. Additional instructions of how to read the bill can be viewed at obo.uni.edu/student_accounts.

Students can grant third party access to their U-Bill by creating a username and password for parents or other third parties on their MyUNIverse under the My Page tab and within the Third Party Accounts section.

The first bill for a semester is issued before financial aid has credited to the U-Bill. If students are anticipating aid to be applied to their bill, they should check the balance of their U-Bill the week before classes begin.

Every student is required to electronically review and agree to the U-Bill Terms and Conditions of Financial Responsibility. Students will complete this on MyUNIverse via the Student Center. The terms and conditions can also be referred to on the Office of Business Operations website at obo.uni.edu/student_accounts.

Granting Permission
Title IV federal aid credits to the U-Bill and is applied to tuition, mandatory fees and contracted housing/meal plans. Title IV aid may pay miscellaneous charges such as parking permits, event tickets, etc., on the U-Bill with student authorization.

The online authorization can be obtained through the following path:

MyUNIverse > Student Center > Finances section > Account Inquiry link > Account Services tab > Student Permissions

This authorization will remain in effect until the student leaves UNI or revokes it. The student may revoke authorization by completing a form available from a Student Accounts Specialist in OBO.

If permission is not granted, it is possible for the student to receive a refund and still have an outstanding U-Bill.

Payments
U-Bill payments can be made by cash, check or online via e-check. UNI does not accept credit or debit cards. Payments must be received by the due date to avoid a late fee (up to 1%) and other restrictions. Payments can be made:

- Online via e-check on the Student Center
- In person at the Cashier’s window
- In the drop-box located outside of the east entrance of Gilchrist Hall
- Mailed to:
  University of Northern Iowa
  OBO-Student Accounts
  103 Gilchrist Hall
  Cedar Falls, IA 50614-0008

Include the student number in the memo section of the check.
Viewing the U-Bill

1. Locate the Finances section within the Student Center

2. Click the Account Inquiry link

3. The summary tab displays total due by term

4. The activity tab shows all transactions and when they are posted

5. The charges due tab displays details by due date and charge. In the Invoices Due section, at the bottom, click the View U-Bill link
**U-Bill Information**

**Payment Plan**
The UNI Self-Service plan allows students to select a five-month plan each semester. All enrolled students are eligible to participate. Students can enroll after the first bill for the semester is generated; however, a student must enroll prior to the first billing due date.

To enroll, students must log into their Student Center and complete the online payment plan agreement. There is a $20 deferred billing fee per semester.

**Collections**
If a student allows the U-Bill to go more than four months past due and fails to respond to communications from student accounts staff, the account may be placed for collection with an outside agency. The cost of this action will be passed on to the student to pay.

**1098-T**
The 1098-T form is a tuition statement that assists students in determining whether they qualify for certain education related tax credits under the Taxpayer Relief Act of 1997. The IRS requires eligible educational institutions to submit the student’s name, address, taxpayer’s identification number (TIN), enrollment and academic status for each student enrolled during the calendar year. Educational institutions must also report amounts to the IRS pertaining to qualified tuition and related expenses, as well as scholarships and/or grants, taxable or not. Qualified tuition and related expenses include: undergraduate and graduate tuition, student fees and assessment fees. All forms will be available by January 31 of the following year. An electronic copy is available in the Student Center.

**4 C’s That Bust a Budget**
Beware of the four C’s that can bust a budget. Cars, Clothes, Credit Cards and Cell Phones. Students are encouraged to sign up for Live Like a Student to increase their financial literacy and knowledge. For more information check out www.uni.edu/live-like-a-student.
Satisfactory Academic Progress (SAP)

Requirements & Review Process
The university has established requirements of Financial Aid Satisfactory Academic Progress (SAP) that all students must meet to be eligible for financial aid. The financial aid programs affected include, but are not limited to, all federal, state and institutional aid including private education loans.

SAP is evaluated yearly at the end of each spring semester for the previous summer, fall and spring semesters. To maintain eligibility for financial aid, students must meet the following three criteria:

1. Minimum GPA
Undergraduate and 2nd BA students must maintain a minimum 2.0 cumulative GPA. Graduate students must maintain a minimum 3.0 cumulative GPA.

2. Pace of Progression
Students must complete 67% of all coursework attempted at UNI. Attempted hours are based on enrollment at the end of the first two weeks of class during a semester. Only grades of A, B, C, D, X, Cr or P are counted as meeting the required hours. Failed classes, withdrawn classes and incomplete grades do not count as completed credit hours and will negatively affect the SAP calculation.

Example: A student has attempted 114 credits at UNI. Out of the 114 credits attempted, they have successfully completed a total of 87 credits (76% of the coursework attempted), meeting this standard of academic progress.

3. Maximum Time to Complete a Degree
Undergraduate students are required to complete a degree within 12 full-time equivalent semesters (18 three-quarter time semesters or 24 half-time semesters). Second BA and graduate students are required to complete a degree within 6 full-time equivalent semesters (9 three-quarter time semesters or 12 half-time semesters).

Transfer credits are counted toward the maximum time frame to complete the degree. Students cannot receive financial aid for more than one degree at a time. Students completing a double major or minor in conjunction with their first degree will no longer qualify for financial aid once the requirements for the initial degree are met.

Financial Aid Suspension
Students placed on Financial Aid Suspension must appeal to have their aid reinstated for upcoming semesters at UNI. Students who have successfully appealed will be placed on Financial Aid Probation, allowing them to receive aid based on conditions set forth by our office.

Financial Aid Probation
Financial Aid Probation is available for a maximum of one semester for students who have successfully appealed to have their aid reinstated. Students on Financial Aid Probation must continue to adhere to the SAP policy outlined above and any other conditions listed on the Appeal Approval Contract. Students on Financial Aid Probation status are reviewed at the end of each semester. Students not making progress toward the terms of their appeal contract will have their aid suspended and must appeal before a committee to have their aid reinstated.

Financial Aid Academic Plan
If it is not possible for the student with an approved appeal to achieve minimum SAP standards within one semester, the student will be placed on an Academic Plan. While on an Academic Plan, the student must meet all SAP standards each semester. The conditions for the approved appeal will continue each semester until the student meets the minimum standard(s) or fails to meet the conditions of the approved appeal.

If the student fails to meet the appeal conditions, the student’s account will revert to Suspension status indicating that the student is ineligible for aid.
Satisfactory Academic Progress (SAP)

Reinstatement of Financial Aid
Students placed on suspension have the opportunity to appeal and/or have their previous grades reviewed by our office. Students have the following three options for reinstatement:

1. Meet all SAP Requirements
Undergraduate students must improve their cumulative GPA to the 2.0 minimum. Graduate students must improve their cumulative GPA to the 3.0 minimum. All students must also meet the 67% course completion standard.

2. Submit Financial Aid Appeal
Financial Aid Appeals must demonstrate extenuating circumstances that impeded the student’s ability to make progress academically. All appeals must be accompanied by third party documentation of the circumstances encountered as well as an academic plan of study (signed by an academic advisor or a record analyst in the Office of the Registrar). Examples of extenuating circumstances include, but are not limited to, personal or family emergency, serious medical issues and psychological illness.

3. Review of Grade Changes
Students experiencing grade changes that may reinstate their eligibility should contact our office to have their academic progress reviewed.

The successful reinstatement of financial aid is not reflective of decisions regarding Registrar academic suspensions. Students on academic suspension should visit with the Office of the Registrar regarding reinstatement to UNI.

Appeal Process & Deadlines
An appeal process is in place for those experiencing extenuating circumstances that affected their ability to meet the SAP standards. Appeal forms may be obtained from our office or at finaid.uni.edu/academic-progress.

Appeals must be submitted no later than the end of the second week of classes following the suspended semester or within 14 calendar days of the date on the academic progress letter. It is recommended that students submit their appeals as soon as possible to avoid processing delays.

All appeals must be accompanied by third party documentation of the circumstances encountered, a description of how circumstances have changed to allow for future academic success, as well as an academic plan of study signed by an academic advisor or a record analyst. The appeal must demonstrate the student can successfully meet the SAP policy within a reasonable amount of time.

Reinstatement of financial aid is contingent upon availability of the funds at the time the appeal is approved. Approved appeals require a signed contract to be returned to our office.

Denied Appeals
Students denied financial aid eligibility may continue attending UNI by funding their own education. If students meet all of the SAP standards in the future, they may contact our office to request a review of their financial aid status.
Withdrawing

Federal regulations require the university to return a portion or all of the federal student aid that has been disbursed if a student withdraws from one or more classes, or withdraws entirely from the university. The amount of federal student aid that is required to be returned will vary depending on the date of withdrawal. If a student is considering withdrawing from one or more classes, or from the university, it is important to visit with a Financial Aid Counselor to discuss the situation. Dropping to less than half-time enrollment or withdrawing from all classes may affect the repayment status of a current or previous student loan.

Withdrawing from Classes

Our office monitors hours of enrollment for students receiving financial aid. Students who withdraw from courses during the first two weeks of class, but are still enrolled, will have their aid reduced accordingly. Students who withdraw from courses after the first two weeks of the semester, but are still enrolled, will not have their financial aid adjusted. However, a student's eligibility for financial aid in future semesters may be affected if courses have been withdrawn from. For more information refer to the SAP section.

The Office of the Registrar has a tuition refund policy that determines the tuition and fees refunded to a student who withdraws from all classes. The amount is based on the date the student withdraws from the university, and may vary from 0-100%. Students should check with the Office of the Registrar or the university catalog to determine the tuition and fees refund for which they may be eligible.

Room and board refunds are made in accordance with the Department of Residence contract. Contact the Department of Residence for more information about room and board refunds.

Return of Financial Aid

Students who withdraw from all classes at the university before 60% of the semester has passed are required to return unearned financial aid.

For example, if a student completes 30% of the semester, then 30% of the financial aid received may be retained and the other 70% of financial aid received must be returned in the following order:

1. Federal loans
2. Federal grants
3. State programs
4. UNI grants and scholarships
5. Off-campus awards

Students are notified of any changes to their financial aid resulting from withdrawal, and should check their U-Bill after they have withdrawn. Students who withdraw from all classes after 60% of the semester has passed can retain all of the financial aid that has been disbursed. Students should keep in mind that loans disbursed must still be repaid according to the terms of the promissory note.

</tbody>
</table>

The above chart is the tuition refund timeline used by the Office of the Registrar.
Withdrawing

Unofficially Withdrawing (Stop Attending)
At the end of each semester, our office reviews the status of students who received all “F” grades. Course instructors are contacted for assistance in identifying the last date of attendance. If a student stops attending all classes during a semester but fails to officially withdraw, the student will be considered “unofficially withdrawn” and is at risk of having portions of their financial aid returned based on the withdrawal percentages. Financial aid adjustments will be reflected on the U-Bill.

Student Employment Opportunities

Students can search for on and off campus jobs, internships and cooperative education opportunities within the online job board. Students do not need Federal Work-Study to have a job on UNI’s campus; in fact the majority of student jobs at UNI are non-Work-Study.
Student Employment

Departmental Employment
There are more than 4,200 jobs on campus. Approximately 75% of these positions are funded through departmental employment. This type of employment allows departments to hire students and pay their wages with departmental funds. Any degree seeking student at UNI enrolled at least half-time in coursework may be employed as a departmental student employee. This type of employment has no bearing on financial aid.

Work-Study Employment
Work-Study is a federal program for students who have high financial need as determined by the FAFSA. Students must be Pell Grant eligible, U.S. citizen or eligible non-citizen and be enrolled as an undergraduate at least half-time.

Work-Study will appear on the award and is typically awarded for $2,000 per academic year. Recipients need to accept or decline Work-Study. UNI has limited funding for Work-Study. We encourage students to complete the FAFSA early to increase their chances of consideration for Work-Study. Students who have been awarded Work-Study should begin their job search early as many of these positions fill quickly. Students awarded Work-Study who do not find employment within the first four weeks of class may potentially have it removed from their award.

Students who are participating in a UNI exchange or study abroad experience are not eligible to earn Work-Study. Graduate students are not awarded Work-Study, however they can be considered for CSL or America Reads positions.

Community Service Learning (CSL)
Community Service Learning (CSL) is a cooperative program between UNI and local nonprofit agencies. Students earn Work-Study funds at off-campus organizations that are not politically affiliated or discriminatory in their services based on religious affiliation. CSL affords students the opportunity to gain valuable work or paid internship experience with community organizations. Students have been employed through CSL in a variety of organizations ranging from museums and libraries to daycares and recreation centers. Students may begin working in CSL positions as early as the first day of classes in the fall semester. For more information about CSL, contact the CSL Coordinator at (319) 273-2386.

America Reads
Students can earn Work-Study while tutoring at an off-campus local elementary school. Further information is available at finaid.uni.edu/workstudy.

Securing Employment
The online job board at www.uni.edu/careerservices is a one-stop tool designed to assist students in their search for employment. The search includes departmental or Work-Study jobs, and on or off campus opportunities.

Before starting as a student employee, students must visit Career Services and complete necessary documentation such as an I-9 and W-4, as well as enroll in direct deposit. To complete the I-9, students will need to have their original social security card, birth certificate or passport.

All student employees (departmental and Work-Study) are paid on a bi-weekly basis via direct deposit.
## Loans

### Direct Loans

Student Loans

Direct Loans
Direct Loans from the Federal Direct Loan Program are fixed-interest loans for eligible undergraduate and graduate students to help cover the cost of higher education. These federal loans are borrowed directly from the U.S. Department of Education at participating schools. These loans do not require a credit check. An origination fee is withheld from the loan when it is disbursed. Payments are not necessary on Direct Loans while a student is enrolled at least half-time; this is known as in-school deferment. Students have six months after graduating or dropping below half-time enrollment before beginning repayment; this is referred to as their grace period. There are two types of Direct Loans; subsidized and unsubsidized.

Subsidized Loans
Subsidized loans provide a fixed interest rate and are available to undergraduate students who demonstrate financial need based on the results of the FAFSA.

Interest is not charged on these loans while the student is enrolled at least half-time. The interest on a student’s subsidized loan begins during the student’s grace period. Graduate students are not eligible for subsidized loans.

Unsubsidized Loans
Unsubsidized loans provide a fixed interest rate and are available for undergraduate students regardless of financial need, although the FAFSA must still be filed. Interest accrues on an unsubsidized loan from the time it is first disbursed. Interest can be paid while a student is in school or the interest can be allowed to accrue and be capitalized (added to the principal of the loan) upon repayment.

Loan Amount Limits
There are limits on the maximum amount available to borrow per grade level and academic year. A student may qualify to borrow both subsidized and unsubsidized loans based upon demonstrated financial need.

The actual amount a student can borrow depends on grade classification, dependent or independent status, degree status and loan history. Annual loan amounts may be less than the maximum amounts shown in the loan limit chart (see page 29) based on student eligibility.

Direct Loan awards have origination fees, so the amount applied to the U-Bill will be lower than the amount listed on the award. Origination fees are set annually by the federal government.

Subsidized Loan Time Limitation
A new borrower on or after July 1, 2014 must complete a degree within 150% of the published length of the borrower’s program to remain eligible for the interest subsidy benefits on all subsidized loans. If a degree is not completed within the 150% timeframe and the borrower is still enrolled, the borrower will lose all subsidy benefits from that point-in-time forward, as well as future eligibility for subsidized loans.
Student Loans

Direct Loan Limits
The following chart provides maximum annual (fall, spring and summer) and aggregate loan limits for Subsidized and Unsubsidized Direct Loans.

<table>
<thead>
<tr>
<th>Classification</th>
<th>Dependent Undergraduate Student</th>
<th>Independent Undergraduate Student (and dependent student whose parents are unable to borrow PLUS loans)</th>
<th>Graduate Student</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman (0-29 hours)</td>
<td>$5,500 ($3,500)</td>
<td>$9,500 ($3,500)</td>
<td>$20,500</td>
</tr>
<tr>
<td>Sophomore (30-59 hours)</td>
<td>$6,500 ($4,500)</td>
<td>$10,500 ($4,500)</td>
<td></td>
</tr>
<tr>
<td>Junior/Senior (60+ hours)</td>
<td>$7,500 ($5,500)</td>
<td>$12,500 ($5,500)</td>
<td></td>
</tr>
<tr>
<td>2nd BA/Teacher Licensure</td>
<td>$7,500 ($5,500)</td>
<td>$12,500 ($5,500)</td>
<td></td>
</tr>
<tr>
<td>Maximum Total Debt from Direct Loans (aggregate loan limits)</td>
<td>$31,000 ($23,000)</td>
<td>$57,000 ($23,000)</td>
<td>$138,500</td>
</tr>
</tbody>
</table>

1 The number in parentheses represents the maximum amount that may be subsidized.

The loan amounts cannot exceed the COA minus other financial aid received. Mid-year graduating students (December) may only borrow a portion of their annual loan limit. This amount is pro-rated based on enrolled hours at the census date and the student’s annual loan limit.

For information regarding how to accept loans and forms necessary for disbursement, see page 8.

Direct PLUS Loan for Graduate Students
A graduate student may apply for a Direct PLUS Loan for Graduate Students. The amount available is the COA minus all other financial aid awarded, including the Direct Unsubsidized Loan. To be approved, a student must not have an adverse credit history. If a student does not pass the credit check, the loan may still be approved if someone else agrees to endorse the loan. The endorser promises to repay the loan if the borrower fails to do so. The student can also appeal the denial of the credit check. If a PLUS Loan is approved based on an endorser or appeal, the student borrower will be required to complete additional PLUS Loan counseling at www.studentloans.gov before the loan can be disbursed.

Students taking the PLUS Loan for Graduate Students need to complete a PLUS MPN for Graduate/Professional Students. This MPN is separate from the unsubsidized loan MPN. All MPNs are completed at www.studentloans.gov.
Student Loans

Private Education Loans
A private education loan is a non-federal loan issued by a private lender such as a bank or credit union. Private education loans are available for students and/or parents. Private education loans often have variable interest rates, require a credit check, have varied repayment options and do not provide the same benefits as federal student loans. Students and/or parents may borrow up to the COA minus other financial aid received. Federal regulations require our office to be notified of any private education loan received. Students should always exhaust federal loan options first, before considering a private education loan.

Selecting a Private Education Loan
Students and/or parents should carefully research and compare the options available from different lenders and select the lender that best suits their needs. UNI does not maintain a list of lenders, nor do we endorse any private lender or private education loan product.

Students and/or parents may select any lender of their choice. Students are required to complete Private Education Loan Counseling with our office before the loan can be certified (approved) with the lender.

A private education loan will not be certified for any student who has remaining federal student loan eligibility (Subsidized or Unsubsidized). For more information about private education loans, or to set up a meeting with a Financial Aid Counselor, contact our office.

Consider the following when taking a Private Education Loan:
- Cosigner Release
- Fixed or Variable Rate
- Origination Fee
- Repayment Length
- Interest Payments While in School
- Loan Forgiveness

Private Education Loan Timeline
1. Student and/or parent applies and is approved for a private education loan
2. UNI receives notification and contacts the student to complete Private Education Loan Counseling
3. After the student completes Private Education Loan Counseling, UNI will certify the loan with the lender
4. The loan will disburse toward the student’s U-Bill within 8-12 business days
5. Students are encouraged to sign up for Direct Deposit (located in their MyUniverse) to receive their refund as quickly as possible
Direct PLUS Loan for Parents

Parents of dependent students may borrow up to the COA minus other financial aid received. The PLUS Loan provides a fixed interest rate, and interest is charged from the date of the first disbursement until the loan is paid in full. An origination fee is deducted proportionately each time a disbursement is made.

To be eligible for a PLUS Loan:
• The student must have a FAFSA on file
• The parent borrower must be the student’s biological parent, adoptive parent or stepparent
• The student must be a dependent student who is enrolled at least half-time
• The student and parent must be U.S. citizens or eligible non-citizens
• The parent borrower must not be in default on any federal educational loan
• The parent borrower must not owe an overpayment on a federal educational grant
• The parent borrower must not have an adverse credit history

If the parent does not pass the credit check, they may still be able to borrow the loan if someone agrees to endorse the loan. The parent can also appeal the credit decision if they feel it should be approved. Parent borrowers requiring an endorser or credit appeal must complete additional PLUS Loan counseling at www.studentloans.gov.

For information on how to apply and obtain a PLUS Loan refer to page 8.

Repayment

The repayment period for a PLUS Loan begins at the time the loan is fully disbursed, and the first payment is due within 60 days after the final disbursement. However, the parent may defer repayment while the student is enrolled at least half-time. The parent can also choose to have a six-month grace period after the student is no longer enrolled at least half-time, before beginning repayment.

Parents may request deferment of their PLUS Loan by contacting their federal loan servicer. If parents are unsure who their federal loan servicer is, they can contact our office. Interest will continue to accrue during periods of deferment.

PLUS Loan Eligibility

The amount of a Parent PLUS Loan is determined by subtracting all other forms of financial aid from the COA. The amount remaining is offered in a Parent PLUS Loan as seen here:

\[
\begin{align*}
\text{Cost of Attendance} & = \$20,933 \\
\text{Financial Aid Awards} & = \$12,000 \\
\text{PLUS Loan Eligibility} & = \$8,933
\end{align*}
\]
Summer Financial Aid

**Aid Eligibility**
Summer is considered the final semester of the academic year, therefore, eligibility is based on remaining financial aid from the previous fall and spring semesters. In order to be awarded financial aid, students must:

- Be degree seeking
- Be enrolled at least half-time
- In the summer, half-time is 5 hours for undergraduate and 4 hours for graduate students
- Be meeting SAP standards (see pages 22-23)
- Complete a 2017-2018 FAFSA for summer 2018
  - Deadline is June 1, 2018
- Complete a 2018-2019 FAFSA for summer 2019
  - Deadline is June 1, 2019
- Not be in default on a federal student loan or owe money on a federal student grant

Camp Adventure, Audited Courses and Guided Independent Study courses do not count towards enrollment for summer financial aid.

**Types of Summer Aid**

**Federal Pell Grant**
Students who receive the Pell Grant during the fall and spring semesters may be eligible to receive additional Pell funds during the summer if they are not enrolled full-time in either fall or spring semesters.

**Scholarships**
Our office does not award scholarships during the summer; however, they may be awarded by departments or outside agencies.

**Direct Loans**
Depending on the amount borrowed during the fall and spring semester, a student may have remaining loan eligibility for summer. See annual loan limits on page 29.

Direct PLUS Loans for parents and graduate students are available for students who need additional funding.

**Private Education Loans**
Students who have exhausted their federal aid options are able to explore private education loans through a lender such as a bank or credit union.

**Work-Study**
Funding is not available in the summer for Work-Study. Students in a Work-Study position should check with their employer to see if departmental funds are available.

**Disbursement of Funds**

Finalize summer registration as soon as possible. Financial aid is paid directly to the U-Bill the week before the student’s earliest summer class begins. If excess funds remain, a refund will be generated. Students are required to sign up for direct deposit in order to allow their refunds to be received in a timely manner. If students drop a course after they received a refund, they may be required to return all or a portion of that refund.
Reapplying for Aid

Applications
Students must complete a FAFSA every academic year they wish to receive federal aid. Students should receive an email message explaining how to submit a renewal FAFSA. Students are encouraged to complete their FAFSA as soon as possible, as some funds are limited.

Students are also encouraged to apply for scholarships yearly. The UNI Scholarship Application for the 2018-2019 year is available July 2017 and must be submitted by January 15, 2018.

Continuing Eligibility for Aid
Generally, students will receive similar financial aid packages throughout their undergraduate years if the following remain true:

- The family’s financial circumstances, number of family members and number of siblings enrolled in college remain the same
- The federal aid programs and regulations remain the same
- Federal, state and institutional funding for aid programs are not reduced
- Students submit the appropriate application materials by the required deadlines
- Students provide accurate information on all application materials
- Students maintain SAP standards

If the student received aid from sources other than our office, such as departmental awards or private scholarships, it is the student’s responsibility to know the application requirements and deadlines for those aid programs. For reapplication procedures, contact the source or organization that awarded the funds.

Study Abroad
If students will be enrolled in a UNI-sponsored study abroad program, they must apply for financial aid through UNI. Depending on the cost of the study abroad program, we may or may not be able to meet the student’s full demonstrated financial need to attend. If the student will be participating in a study abroad program, the student must complete the study abroad application. For more information and the application visit studyabroad.uni.edu.

Unusual Circumstances
If a student’s family has experienced an unusual circumstance such as a loss of income, large out-of-pocket payments for medical or dental expenses, or incurred non-discretionary debt due to a funeral or natural disasters, contact our office for details on how we may be able to assist.

Any request to our office is considered using best professional practices and making such a request does not guarantee approval. Financial aid regulations are subject to change through legislation or policy changes by the U.S. Department of Education.

FAFSA
The 2018-19 FAFSA will be available October 1, 2017 and will use 2016 tax information. Families are encouraged to use the IRS Data Retrieval Tool to transfer their tax information into their FAFSA.
FAQ

Can Aid Be Received on Repeated Coursework?
Federal regulation limits the number of times a student may repeat a course and receive financial aid for that course. A student may receive aid when repeating a course that was previously failed, regardless of the number of times the course was attempted. A student may receive aid to repeat a previously passed course only one additional time; this policy applies regardless of if the student received aid for earlier enrollment in the course.

Can Aid Be Received for Courses Taken at Other Institutions?
Students taking classes at another institution may still be eligible to receive financial aid through UNI and pay the host institution, provided the student is degree seeking at UNI and meeting all aid requirements. Students must meet with a staff member in our office to complete a Consortium Agreement. A Consortium Agreement is an agreement between the student, our office and the host institution stating that UNI will provide financial aid for the period of enrollment specified in the agreement. Fall or spring consortiums are limited to one during a student’s undergraduate career at UNI. Students are not limited to the number of summer consortiums they may complete. If a student withdraws from classes at the host institution after receiving financial aid, the student may be required to repay all or part of the funds.

My Parents No Longer Claim Me on Their Tax Form, Am I Independent?
No. Whether or not your parents claim you on their taxes has no bearing on your financial aid. Financial aid dependency is determined by the FAFSA.

My Parent is in College, Can They be Included in the College Number on my FAFSA?
No. When we calculate a student’s financial need, credit is only given for each sibling, not parent, living in the household and enrolled at least half-time in a college program leading to an undergraduate degree. Siblings dual enrolled in high school and college courses can not be included either.

Is Work-Study Income Taxable?
Yes. Any money received as the result of work is considered taxable income. You will be asked to file a withholding form (W-4) and you will receive a statement of income and taxes withheld form (W-2) each calendar year. Your taxable earnings from need-based employment must be reported on your FAFSA. Questions regarding your withholding status should be directed to Payroll.

Do I Have to Report Grants, Scholarships or Fellowships to the IRS?
Part or all of a grant, scholarship or fellowship may be taxable, even if you do not receive a W-2 form. If you are in a degree program, amounts you use for expenses other than tuition and course related expenses are taxable. To determine this taxable amount: add all grant, scholarship and fellowship awards received in a calendar year, then subtract all tuition, fees, book and supply expenses. If the remaining amount is a positive number, it must be reported as income. If you are not enrolled in a degree program, the full amount of the grant, scholarship or fellowship is taxable. Contact the Internal Revenue Service for more detailed information at www.irs.gov.

How Can I Learn More About Federal Education Tax Credits?
The American Opportunity Tax Credit is for expenses for the first four years of post-secondary education and was extended by the IRS through Dec. 31, 2018. The Lifetime Learning Credit is based on qualified tuition and related expenses you pay for yourself, your spouse or a dependent for whom you claim an exemption on your tax return. You cannot claim both in the same year. Credits are claimed using Form 8863.
