The Office of Student Financial Aid is pleased to provide the 2013-14 Reference and Resource Guide to Financial Aid at the University of Northern Iowa. We strongly encourage you to read this publication thoroughly before you make decisions about your Financial Aid Award. The worksheet on page 8, “How Much Aid to Accept,” will help you determine the amount that you may need to borrow for this year. If you are receiving other grants or scholarships that you do not see listed on your award, you are required by federal regulations and university policies to report this information to the Office of Student Financial Aid. Please visit our website (www.uni.edu/finaid) or call our office at 319-273-2700 if you have additional questions.

Please Note: Due to the nature of federal, state and institutional policies and guidelines affecting financial aid programs, the information and availability of awards referred to in this publication and on your financial aid award are subject to change.

Equal Opportunity Statement
No person shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination in employment, educational program, or any activity of the University, on the basis of age, color, creed, disability, gender identity, national origin, race, religion, sex, sexual orientation, veteran status, or on any other basis protected by federal and/or state law.
Requirements and Terms for Receiving Financial Aid

1) You must be admitted to the University of Northern Iowa and be enrolled in a degree program. Undergraduate students who have already received a bachelor’s degree are eligible for financial aid if they are enrolled in a second undergraduate program or in a teacher licensure program. **Non-degree students are not eligible for financial aid.** If you are enrolled as a non-degree student, and want to receive financial aid, contact your academic department or the Office of the Registrar to determine your degree status.

2) You must be enrolled at least half-time (6 hours per semester for undergraduates and 5 hours per semester for graduates). If you are enrolled less than half-time, you may still be eligible for federal grant aid, but most grants and scholarships require full-time enrollment. Audited courses, guided independent study and Camp Adventure courses do not count towards enrollment for the purpose of receiving financial aid.

3) You must be making satisfactory academic progress (SAP) according to the standards set forth by both the UNI Office of Student Financial Aid and Office of the Registrar. For further information about Financial Aid SAP, see Satisfactory Academic Progress Policy (pages 24-25).

4) You must report the receipt of any grants, scholarships or loans from all sources to the UNI Office of Student Financial Aid. In addition, if you are also enrolled at another institution, you may not receive federal aid at both institutions. (See Consortium Agreements, page 28, for more information about concurrent enrollment at another institution.)

5) You must not have been convicted under federal or state law of the sale or possession of drugs, if the offense occurred during a period of enrollment for which you were receiving federal student aid (grants, loans, and/or work-study).

6) You must not be in default on a federal student loan nor owe money on a federal student grant.

7) All awards are contingent upon availability of federal, state and institutional funding.

Awards are contingent upon federal, state, institutional and private sources and are subject to revision. In the event that available funds are insufficient to pay the full amount of any approved grant or scholarship the award will be reduced. Federal regulations and university policies require that you inform the Office of Student Financial Aid of any outside grants, scholarships or loans that you receive. These are considered financial resources in the calculation of your eligibility for need-based aid. If an adjustment to the financial aid award must be made, in most cases, loans are the first program to be reduced. Any financial aid that has been disbursed for which you are deemed ineligible will be adjusted accordingly on the university bill. You cannot receive federal financial aid from multiple colleges during the same award period.
How Financial Aid is Awarded

Our Awarding Philosophy

Our awarding philosophy is based on the recruitment goals and objectives of the university’s strategic enrollment plan. Students with the greatest need will receive a larger proportion of available gift aid. Typically, need-based gift aid is awarded on a first-come, first-serve basis, providing assistance to as many students as possible. In compliance with federal regulations, the total financial aid awarded will not exceed the student’s cost of attendance.

FAFSA and EFC Calculations

The information you reported on your Free Application for Federal Student Aid (FAFSA) is used to determine your Expected Family Contribution (EFC). This amount is calculated by a formula that is established by federal law. Although students and their families are expected to contribute to the cost of college, the EFC is not the amount of money that you and your family must pay to UNI. Instead, this figure is used to calculate how much federal student aid you are eligible to receive.

Your EFC and aid from other sources (e.g. hometown, religious and organizational scholarships, etc.) are subtracted from the cost of attendance (COA) to determine your eligibility for need-based aid. The cost of attendance is the estimated cost of attending UNI for an academic year and includes tuition and fees, room and board, books and supplies, a reasonable allowance for transportation to and from home, and personal and miscellaneous expenses.

Cost of attendance (COA)
- Expected family contribution (EFC)
- Other financial resources
= Eligibility for need-based aid

Understanding Your Financial Aid Award

Students who have completed a FAFSA and any additional requirements (e.g. verification) will be awarded financial aid beginning in late March. The awarding process can extend throughout the remainder of the academic year.

Once you have been awarded your financial aid, you will receive an email notifying you of the availability of your Financial Aid Award. Both new students and current students can view the award as shown below.

1) Login to MyUNIverse (http://MyUNIverse.uni.edu) using your CatID and password. First time users can find your initial username and password instructions in your admission letter.
2) Click on the “My Page” tab and then click on “Go to My Student Center.”
3) In the Finances section, click on “View Financial Aid.”
4) Select the aid year you wish to view.

Understanding Your Financial Aid Award

7) You will need to click on the “ACCEPT/DECLINE AWARDS” button to see your Award Package where you must accept or decline your loans and work-study awards. Grants and scholarships are automatically accepted on your behalf. You have the option to accept, reduce or decline your Perkins, Direct Subsidized and Direct Unsubsidized loans. Students cannot accept the Direct PLUS (parent) loan through their “Student Center”. If you wish to accept it, you need to have your parent complete the Parent PLUS Loan Request and the Direct PLUS Loan Master Promissory Note at www.studentloans.gov using his/her FAFSA PIN. For more information see page 18 “Direct PLUS Loan Master Promissory Note and Direct PLUS Loan Request (for parents)”. Once you have made your selections, click the “SUBMIT” button to complete the process.

We strongly encourage you to read this publication thoroughly before you make decisions about your Financial Aid Award. The worksheet on page 8, “How Much Aid to Accept,” will help you determine the amount that you may need to borrow for this year. If you are receiving other grants or scholarships that you do not see listed on your award, you are required by federal regulations and university policies to report this information to the Office of Student Financial Aid. You can report this information by email to additional.aid@uni.edu, by calling the Office of Student Financial Aid at 319-273-2700, or by receipt in our office of a letter or check from the donor.

Disbursement of Aid

Financial aid is scheduled to disburse to student u-bills the evening of August 19. Spring 2014 financial aid is scheduled to disburse to student u-bills on January 6. Financial aid will disburse based upon the “Requirements & Terms of Receiving Financial Aid” (page 3). In order for your federal student loans, including the Parent PLUS loan, to be disbursed prior to the first due date of August 20, 2013, you must complete and submit Direct Loan Entrance Counseling, Master Promissory Notes and Direct PLUS Loan Requests to the U S Department of Education no later than July 15, 2013. This will ensure that we have adequate processing time for all students’ loans prior to the first due date in August.
How Much Aid to Accept

The Office of Student Financial Aid strives to ensure that students and families have an understanding of the financial resources that are available to them to help pay for college. We have designed the budget worksheet below to assist you in determining how much aid you should accept for the academic year. We encourage you to utilize this feature along with your award to ensure that you are borrowing only what you need to pay for college. Please follow-up with a financial aid counselor in our office if you have any questions or if you are still uncertain about how much financial aid you should accept.

If you still have a balance, reevaluate the figures to determine how your expenses will be paid. If your balance is negative, determine if you need this entire amount or if your loan amounts can be reduced.
Types of Financial Aid

The following charts show the maximum award amounts for federal, state, and institutional grants, work-study, Perkins Loan and Direct Loans for the 2013-14 academic year. The dollar amount of grants on your award is based on full-time enrollment, 12 hours per semester for undergraduates and 9 hours per semester for graduates. The actual amount of your grant(s) will be pro-rated if you are registered less than full-time. Due to the availability of federal, state and institutional funds, some types of aid are not awarded in conjunction with each other. Grants and scholarships are added to your award first. Federal Direct and Perkins Loans (see pages 16-19) are then added to your aid package to try to ensure that your award meets the cost of attendance. If a gap remains between your costs and your financial aid, you may consider a Direct PLUS Loan or a private education loan (see page 19).

### Federal, State and Institutional Grants

¹Amount of award may vary depending upon state residency, and/or federal, state and institutional funding.

²For the maximum annual and aggregate loan limits for Subsidized and Unsubsidized loans see the chart on page 17.
Types of Financial Aid

Scholarships

The University of Northern Iowa offers scholarships each year to deserving students on the basis of merit and/or achievement. Many scholarships consider financial need, as determined by the Free Application for Federal Student Aid (FAFSA). Scholarship selection is competitive and not all applicants will receive a scholarship. Scholarships require full-time enrollment and a minimum grade point average. Renewal of university scholarships may require any or all of the following: minimum grade point average, financial need, major, and annual completion of the [UNiversity Scholarship Application](#).

Incoming Freshman and Transfer Students

Some scholarships at the University of Northern Iowa are awarded at the time of admission. The chart below shows the eligibility criteria for these scholarships. You will be notified of your selection for these awards by the Office of Student Financial Aid. All other scholarships at UNI require the annual completion of the [UNiversity Scholarship Application](#). This allows students to apply for scholarships available in specific majors and university departments. The deadline for most scholarships is January 15, with the application being available beginning in September. Be sure to check back every September so that you can begin the application process early for the upcoming school year.

| **Distinguished Scholar Award for Iowans**<sup>1</sup> | $1,000 to $2,500 | + Must be Iowa resident  
+ New graduate from an Iowa high school  
+ RAI of 320 or above = $2,500  
+ RAI of 300-319 = $1,000  
+ RAI of less than 300 with an ACT of 28 or above = $1,000  
+ Students admitted by March 1 will receive award for the following academic year  
+ Remaining allocation will be awarded on a first-come, first-served basis |
| Physics Scholar Award | $3,000 | + RAI of 320 or above or  
+ ACT of 28 or above  
+ Awarded at time of admission to the first three qualified applicants |
| **Out-of-State Scholar Awards**<sup>2</sup> | $2,500 to $3,500 | + Must be a U.S. citizen or permanent resident  
+ Must be a non-resident of Iowa  
+ Must be a new graduate from an out-of-state high school  
+ RAI of 320 or above = $3,500  
+ RAI of 280–319 = $2,500  
+ RAI of less than 280 with an ACT of 28 or above = $2,500  
+ Students admitted by March 1 will receive award for the following academic year  
+ Remaining allocation will be awarded on a first-come, first-served basis |
| **Out-of-State Legacy Scholar Awards** | $1,000 | + Must be a non-resident of Iowa  
+ Must be an Iowa resident  
+ Must have a parent, grandparent or sibling who graduated from UNI or a sibling currently enrolled at UNI  
+ Must answer “yes” to question on Application for Admission regarding parent, grandparent or sibling  
+ Students admitted by March 1 will receive award for the following academic year  
+ Remaining allocation will be awarded on a first-come, first-served basis |
| **Out-of-State Good Neighbor Award** | $2,500 | + Must reside in one of the Illinois counties of Jo Daviess, Carroll, Whiteside, Henry or Rock Island  
+ Must maintain Illinois resident status  
+ Students admitted by March 1 will receive award for the following academic year  
+ Remaining allocation will be awarded on a first-come, first-served basis |
| **Transfer Scholar Awards** | $1,000 | + Must have 30 transferable hours with a minimum 3.25 GPA or above  
+ Must have graduated from high school prior to 2013  
+ Preference to students participating in UNI Admission Partnership Program  
+ Awarded on a first-come, first-served basis |

<sup>1</sup>Not awarded in combination with Presidential Scholar Award  
<sup>2</sup>Any student receiving a scholarship awarded by the University of Northern Iowa that covers full tuition and fees is not eligible for the Out-of-State Scholar Award. Student athletes may not be eligible for awards according to NCAA regulations (Bylaw 15.5.3.2.2.1).

Scholarships

Current Students

The UNIversity Scholarship Application is your online resource for searching and applying for scholarships at the University of Northern Iowa. Be sure to begin your search and application process early and check carefully for scholarship deadlines. The deadline for most scholarships is January 15, and the application is available in September. Be sure to check back every September so that you can begin the application process early for the upcoming school year.

Graduate Students

Graduate students should check with the Graduate College and their academic department to inquire about and apply for graduate scholarship opportunities.

Scholarship Search

Start your scholarship search early each year. In addition to the University Scholarship Application, check into opportunities with your high school guidance office, places of employment, civic or religious organizations and businesses in the community. While your hometown may be a good place to start, don’t forget about the on and off-campus opportunities available on the UNI Scholarship Directory. Scholarship searches can also be completed on a national level at www.FastWeb.com or www.finaid.org. Please remember that all scholarship searches should be free of charge. Be wary if fees are requested during the scholarship search process.

Off-Campus Scholarships

Start your scholarship search early in your high school career. Check into opportunities with your high school guidance office, places of employment, civic or religious organizations and businesses in the community.

Reporting Off-Campus Financial Sources

Federal regulations and university policies require that you inform the Office of Student Financial Aid of any outside grants, scholarships or loans that you receive. These are considered financial resources in the calculation of your eligibility for need-based aid. You should report these resources by email to additional.aid@uni.edu, by calling the Office of Student Financial Aid at (319) 273-2700, or by receipt in our office of a letter or check from the donor. Forms are also available during summer orientation for new students. If an adjustment to the financial aid award must be made, in most cases, loans are the first program to be reduced.

Renewal of UNI Scholarships

Renewal of university scholarships may require maintaining any or all of the following: minimum grade point average, financial need, major, Financial Aid Satisfactory Academic Progress (see pages 24-25), and/or annual completion and submission of the UNIversity Scholarship Application. Refer to your letter of offer for specific renewal criteria.
Student Employment

The University of Northern Iowa offers many opportunities for students to obtain employment that will not only help you pay for everyday expenses, but will also provide opportunities for building friendships, mentor relationships and for building your resume. There are two main types of student employment; departmental and work-study.

Departmental Employment

There are more than 4,200 jobs on campus, and approximately 75% of these positions are funded through departmental employment. This type of employment allows departments to hire UNI students and pay their wages with departmental funds. Any UNI student that is working on an undergraduate or graduate degree, and is enrolled at least half-time can be employed as a departmental student employee. This type of employment has no bearing on your financial aid award, other than the fact that you may be able to reduce your borrowing if you have income from student employment. See page 15 for information about employment eligibility and how to find a job using the Online Job Board.

Work-Study Employment

Work-study is a federal work award that is awarded to students who have high financial need as determined by the Free Application for Federal Student Aid (FAFSA) (see page 10 for eligibility criteria). If you have been awarded work-study, it will appear on your Financial Aid Award where you will need to accept or decline the award. UNI has limited funding for work-study, and we encourage students to complete the FAFSA early to increase their chances of consideration for work-study. Students who have been awarded work-study should begin their job search early as many of these positions fill quickly. Students awarded work-study who do not find employment within the first four weeks of class may potentially have work-study removed from their award. See page 15 for information about employment eligibility and how to find a job using the Online Job Board.

A Comparison of Departmental and Work-Study Employment

A quick comparison of departmental and work-study employment demonstrates there are very few differences in employment opportunities for students in each of UNI’s work programs.

</table>
Community Service Learning (Off-Campus Work-Study)

Community Service Learning is a cooperative program between the University of Northern Iowa and eligible local government and non-profit organizations that allows students to use Federal Work-Study funds at off-campus organizations that are not politically affiliated or discriminatory in their services based on religious affiliation. Community Service Learning affords students the opportunity to gain valuable work or paid internship experience with community organizations. Students have been employed through Community Service Learning in a variety of different organizations ranging from museums and libraries, to daycares and recreation centers. Students may begin working in Community Service Learning positions as early as the first day of classes in the fall semester. For more information regarding Community Service Learning, please contact Evie Waack, Student Employment Coordinator at (319) 273-6856.

NOTE: Work-study funds are not available for graduate students, or for students who are participating in a UNI exchange or study abroad experience.

Employment Eligibility and Finding a Job

In order to be eligible for employment on campus, degree-seeking students must be enrolled at least half-time (6 hrs for undergraduates and 5 hrs for graduates), provide documentation as proof of eligibility to work in the U.S., and enroll in Payroll Direct Deposit. The Online Job Board is a one-stop search tool designed to assist students in their search for employment opportunities, whether departmental or work-study, and on- or off-campus. Potential student employees can search and sort the job opportunities on the Online Job Board www.uni.edu/finaid. Students can also post profiles about themselves for hiring departments, as well as a brief description of their abilities and experiences.

Payroll for Student Employees

All student employees are paid on a bi-weekly basis via Payroll Direct Deposit into their personal checking or savings accounts. The minimum wage is $7.25 and rates of pay may vary based on a variety of factors including level of job responsibilities, previous work experience and shift differentials. Students may use their earnings for everyday expenses or to pay their u-bills.
Information about Loans for Students and Parents

Many students will find it necessary to borrow loans to help finance their college education. Now that you have had a chance to review your Financial Aid Award and complete the worksheet on page 8, you should have a good idea of how much money you will need to borrow for the upcoming award year (fall, spring, and summer). By living like a student now, you may be able to reduce your borrowing, thereby decreasing your cumulative debt and loan payments after graduation. Leading a lower cost student lifestyle while you are in college will assist in positioning yourself to afford the things you want and need once you have graduated and begun your new career. The Office of Student Financial Aid offers several opportunities for you to learn more about financial literacy through its Live Like a Student programming (see page 29).

The federal government has a variety of federal loan options available for students and parents, and we encourage you to review the following information carefully before making any decisions about your loans. If you have previously borrowed federal student loans at the University of Northern Iowa or another post-secondary institution, you should begin by reviewing your borrowing history at www.nslds.ed.gov using your FAFSA PIN. This will give you a better idea of how much you have borrowed to date and what your repayments might look like after graduation. Most importantly, loans must be repaid, so borrow only what you need.

Direct Stafford Loans (for Students)

Direct Stafford Loans, from the William D Ford Federal Direct Loan Program, are low-interest loans for eligible undergraduate and graduate students to help cover the cost of higher education. These federal loans are borrowed directly from the U.S. Department of Education at participating schools. These loans do not require a credit check. An origination fee is withheld from the loan when it is disbursed to you. You do not have to make payments on Direct Stafford Loans while you are enrolled at least half-time (known as deferment period). You also have six months after you graduate or drop below half-time enrollment before you begin repayment (known as grace period). There are two types of Stafford Loans: subsidized and unsubsidized.

Direct Subsidized Loans provide a fixed interest rate and are available to undergraduate students who demonstrate financial need based on the results of the Free Application for Federal Student Aid (FAFSA). You are not charged interest on these loans while you are in school at least half-time and during deferment periods. The interest on a student’s subsidized loan begins during the student’s grace period. Graduate students are no longer eligible for Subsidized loans. A new borrower on or after July 1, 2013 must complete their degree within 150% of the published length of the borrower’s program to remain eligible for the interest subsidy benefits on all Direct Subsidized Loans. If a degree is not completed within the 150% timeframe, the borrower will lose all subsidy benefits and future eligibility for Direct Subsidized Loans.

Direct Unsubsidized Loans provide a fixed interest rate of 3.86% for undergraduate loans (5.41% for graduate students) disbursed July 1, 2013 through June 30, 2014 and are available to students regardless of financial need (although the FAFSA still must be filed). Interest accrues on an unsubsidized loan from the time it is first disbursed to you. You can pay the interest while you are in school or allow it to accrue and be capitalized (added to the principal of the loan) upon repayment.

There are limits on the maximum amount you are eligible to borrow each academic year (annual loan limit) and in total (aggregate loan limit). A student may qualify to borrow both subsidized and unsubsidized loans based upon his/her demonstrated financial need and the maximum loan limit per grade level. The actual amount that you can borrow depends on your grade classification, whether you are a dependent or independent student, and other factors, and may be less than the maximum amounts shown in the loan limit chart (see page 17).
Information about Loans for Students and Parents

The following chart provides maximum annual (fall, spring and summer) and aggregate loan limits for Subsidized and Unsubsidized Direct Stafford Loans.

<table>
<thead>
<tr>
<th>Classification</th>
<th>Dependent Undergraduate Student</th>
<th>Independent Undergraduate Student (and dependent students whose parents are unable to borrow PLUS Loans)</th>
<th>Graduate Student</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman (0-29 hrs)</td>

<td>$138,500</td>
</tr>
</tbody>
</table>

1The numbers in parentheses represent the maximum amount that may be subsidized.

The loan amounts listed above cannot exceed your cost of attendance minus other financial aid received. Loan proceeds exceeding university charges are disbursed to the student as a refund by direct deposit to the student’s designated bank account. Mid-year graduating students (December) may only borrow a portion of their annual loan limit. This amount is pro-rated based on enrolled hours and the student’s annual loan limit.

Master Promissory Note and Entrance Counseling

- Your first step is to accept your Direct Stafford Loans on your Financial Aid Award. For a detailed explanation of how to accept your loans, see “Understanding Your Financial Aid Award” on pages 5-7.
- If you are a first-time borrower of Direct Stafford Loans you will need to complete a Direct Loan Master Promissory Note (MPN) at www.studentloans.gov using your FAFSA PIN. The MPN is a legal document in which you promise to repay your loan and any accrued interest and fees to the U.S. Department of Education. The MPN explains the terms and conditions of your loan and is used for loans that you receive over a period of multiple academic years.
- New borrowers of Direct Stafford Loans also need to complete Entrance Counseling at www.studentloans.gov using the FAFSA PIN. This process helps students to understand their rights and responsibilities as a Direct Loan borrower.
- If you have borrowed Direct Loans at UNI in previous years you have already completed both of these requirements. However, new students who may have borrowed Direct Loans while attending another institution will still need to complete Entrance Counseling before receiving their loans at UNI.

Perkins Loans

Perkins Loans provide fixed low interest rates (5%) and are available to students who demonstrate high financial need based on the results of your Free Application for Federal Student Aid (FAFSA). A credit check is not required to receive these loans and there is no origination fee. You are not charged interest on these loans while you are in school at least half-time and during grace and deferment periods. Perkins Loan funding at UNI is limited, so not all qualifying students will receive a Perkins Loan. **Students who have been awarded a Perkins Loan must complete Entrance/Rights and Responsibilities and a Perkins Promissory Note online each year. If you were awarded a Perkins Loan, you will find the URL for the promissory note once the loan has been accepted within the award.**
Information about Loans for Students and Parents

Direct PLUS Loans for Parents

Parents of dependent students may apply for a Direct PLUS Loan to help pay for their student’s education as long as certain eligibility requirements are met. To be eligible for a Direct PLUS Loan for parents:

- The student for whom the parent is borrowing the PLUS Loan must have filed a FAFSA.
- The parent borrower must be the student’s biological parent, adoptive parent, or stepparent.
- The student must be a dependent student who is enrolled at least half-time.
- The parent borrower must not have an adverse credit history. If the parent does not pass the credit check, the parent may still be able to borrow the loan if someone agrees to endorse the loan. The endorser promises to repay the loan if the parent borrower fails to do so.
- The student and parent must be U.S. citizens or eligible noncitizens, must not be in default on any federal education loan, or owe an overpayment on a federal education grant, and must meet other general eligibility requirements.

Parents may borrow up to the cost of attendance minus other financial aid received. The interest rate is fixed at 6.41% for loans disbursed July 1, 2013 through June 30, 2014 and interest is charged from the date of the first disbursement until the loan is paid in full. An origination fee is deducted proportionately each time a disbursement is made.

Repayment and Deferment for Direct PLUS Loans for Parents

The repayment period for a Direct PLUS Loan begins at the time the PLUS Loan is fully disbursed, and the first payment is due within 60 days after the final disbursement. However the parent may defer repayment:

- while the student on whose behalf the parent borrowed the loan is enrolled on at least a half-time basis, and
- for an additional six months after the student ceases to be enrolled at least half-time.

Parents may request to defer repayment of a PLUS Loan by completing an In-School Deferment Request form although interest will continue to accrue.

Direct PLUS Loan Master Promissory Note and Direct PLUS Loan Request (for Parents)

- If your parent chooses to borrow the Direct PLUS loan, he/she must complete the Direct PLUS Loan Request online at www.studentloans.gov using the parent borrower’s FAFSA PIN. This information is transmitted to the Office of Student Financial Aid daily by the U. S. Department of Education. This online PLUS Request process must be completed each year that a parent borrows a PLUS Loan.
- The same parent who completed the online PLUS request must also complete a Direct PLUS Loan Master Promissory Note (MPN) online at www.studentloans.gov using the parent borrower’s FAFSA PIN. The MPN is a legal document in which the parent borrower promises to repay the loan and any accrued interest and fees to the U.S. Department of Education. The MPN explains the terms and conditions of the loan and can be used for loans that a parent receives over a period of multiple academic years.
- Previous borrowers of a Direct PLUS Loan (for the same student) only need to complete the Direct PLUS Loan Request at www.studentloans.gov since there is already an MPN on file for that parent.
Information about Loans for Students and Parents

Direct PLUS Loans for Graduate Students

A graduate student may apply for a Direct PLUS Loan for Graduate Students. The amount available is the cost of attendance (COA) minus all other financial aid awarded, including Direct Unsubsidized Loans. You must not have an adverse credit history. If you do not pass the credit check, you may still be able to borrow the loan if someone agrees to endorse the loan. The endorser promises to repay the loan if the borrower fails to do so.

The interest rate for the Direct PLUS Loan for graduate students is fixed at 6.41% for loans disbursed July 1, 2013 through June 30, 2014 and interest is charged from the date of the first disbursement until the loan is paid in full. An origination fee is deducted proportionately each time a disbursement is made. The repayment period for a Direct PLUS Loan begins at the time the PLUS Loan is fully disbursed, and the first payment is due within 60 days after the final disbursement. However, you may defer repayment while you are enrolled at least half-time, and for an additional six months after you cease to be enrolled at least half-time.

Direct PLUS Loan Master Promissory Note and Direct PLUS Loan Request (for Graduate Students)

- Your first step is to accept your Direct PLUS Loan for Graduate Students on your Financial Aid Award. For a detailed explanation of how to accept your loans, see “Understanding Your Financial Aid Award” on pages 5-7.
- First time Direct Loan borrowers must complete a Direct PLUS Loan Master Promissory Note (MPN) online at www.studentloans.gov using your FAFSA PIN. The MPN is a legal document in which you promise to repay the loan and any accrued interest and fees to the U.S. Department of Education. The MPN explains the terms and conditions of the loan and can be used for PLUS Loans that a graduate student receives over a period of multiple academic years.

Private Education Loans

Some families find that private education loans can be used as a source of additional resources when federal aid options have been exhausted. A private education loan is a non-federal loan issued by a private lender such as a bank or credit union. Private education loans often have variable interest rates, require a credit check, have varied repayment options and do not provide the same benefits as federal student loans. Students may borrow up to the cost of attendance minus other financial aid received. Federal regulations require the Office of Student Financial Aid to be notified of any private education loans received. Students and parents should always exhaust federal loan options first before considering a private loan.

Selecting a Private Education Loan

If you determine that you need a private education loan to help pay for your education expenses, you should carefully research and compare the options available from different lenders and select the lender that best suits your needs. The University of Northern Iowa does not maintain a list of lenders, nor do we endorse any private lender or private education loan product. You may select any lender of your choice. We do require that you meet with a financial aid counselor in our office to discuss your private loan needs before we will certify (approve) your eligibility to the lender. A private education loan will not be certified for any student who has remaining federal student loan eligibility (Perkins, Subsidized, Unsubsidized or Graduate PLUS). For more information about private education loans, or to set up a time to meet with a financial aid counselor, please call the Office of Student Financial Aid at 319-273-2700.
Understanding Your UNI U-Bill

Billing Information

All tuition, mandatory fees, contracted campus room and meal plan expenses, and other university related charges are electronically billed directly to the student by the Office of Business Operations, Student Accounts. Charges are billed one semester at a time. All accepted financial aid is scheduled to credit no sooner than 10 days prior to the start of each semester, provided the student is meeting all eligibility requirements (see page 3). Financial aid accepted during the academic year will be available to credit toward a student’s u-bill as necessary throughout the academic year. New charges and/or adjustments are billed monthly throughout the semester.

An electronic university bill (u-bill) is generated on the 1st of every month and due on the 20th. An exception to this due date is that the first Fall due date will be August 24. (If the first falls on the weekend, the bill will be generated on the first business day following. If the due date falls on a weekend, the due date will be the first business day following). An email notification is sent to each student’s official UNI email address when the bill is available. Paper bills are not sent. Students can view their bill, pay their bill, or enroll in a payment plan online via MyUNIverse on the Student Center tab. Students can allow access to their u-bill by creating a username and password for parents or other third parties. Go to MyUNIverse > My Page tab > Third Party Accounts to grant access.

Refunds and monthly bills are a snapshot in time. The Office of Business Operations calculates each bill and refund based on the most current charges, credits and adjustments posted to the u-bill; however there are a number of adjustments that could occur throughout a semester that may change an account balance. If a student’s enrollment status changes within the semester, their financial aid may be adjusted. Additionally, billing adjustments may occur, such as rent, course material, and tuition adjustments. Therefore, any charges or financial aid adjustments that occur after the refund is processed and subsequently generate a balance due are the responsibility of the student to pay. Students should monitor their u-bills monthly.

Every student is required to electronically review and agree to the University Billing Terms and Conditions. Students will complete this on MyUNIverse via the Student Center tab.

Additional information regarding billing procedures, terms and conditions, etc. can also be referred to on the Office of Business Operations website www.uni.edu/obo/student_accounts.

Payments

U-bill payments can be made by cash, check, or online via e-check. Credit or debit cards are not accepted as a form of payment for u-bill charges. Payments must be received by the due date to avoid late fees and other restrictions. A late fee of 0.077% of the amount past due is charged to students who are 30 days or more past due on their accounts. Payments can be made using the following options:

- Online via E-check at MyUNIverse via the Student Center tab
- Cashier’s Window at 103 Gilchrist Hall (fall/spring 8:00 am-5:00 pm M-F; summer 7:30 am-4:30 pm M-F)
- Drop-box located outside of the east entrance of Gilchrist Hall
- Mailing Address:
  University of Northern Iowa
  Attn: Student Accounts
  103 Gilchrist Hall
  Cedar Falls, IA 50614-0008
  (Please include the student number in the memo section of the check)
Understanding Your UNI U-Bill

Aid Authorization for Miscellaneous Charges

In compliance with federal regulations, the university must obtain voluntary permission from students to apply their federal financial aid proceeds to pay for current year charges other than tuition, fees, room and board on the student’s account.

The online authorization can be obtained through the following path:

MyUNIverse > My Pages tab > Student Center > Finances section > Account Inquiry link > Account Services tab > Student Permissions link > Fed State tuition

Federal financial aid (Title IV aid) credits your current year u-bill and is applied to tuition, mandatory fees, and contracted housing/meal plans. Title IV aid may be used to pay miscellaneous charges such as parking permit, laundry charges, event tickets, etc., on your current year u-bill by completing the authorization listed above.

This authorization will remain in effect until you leave UNI or you revoke it. You may revoke your authorization at any time by completing a form available from a Student Accounts Specialist located in UNI Student Accounts, 103 Gilchrist, Cedar Falls, IA 50614-0008.

Payment Plan Options:

The university offers a variety of payment plans for tuition, mandatory fees, and contracted room and meal plan charges. These plans allow students to make payments in installments each semester. Plan options:

**Option 1 – Upfront Payment**

Pay the full amount of semester charges by the first due date in August or January. Payment can be made with financial aid resources or out of pocket by family or educational savings plan.

**Option 2 - UNI Self-Service plan**

The UNI Self-Service plan allows students to select a 5 month plan per semester. All enrolled students are eligible to participate. Students will be able to enroll once the first bill for the semester is generated however a student must enroll prior to the first billing due date. To enroll, students need to log into MyUNIverse/Student Center tab to complete the online payment plan agreement. There is a $20 deferred billing fee, per semester, that will be assessed to the student’s first bill after enrolling in a plan.

**Option 3 – Educational Computer Systems, Inc. (ECSI)**

Long-term payment plans are also available through Educational Computer Systems, Inc. (ECSI). This option provides students and families the ability to pay tuition on a monthly schedule for 10, 11, or 12 months. To take advantage of this option, visit [www.ecsi.net](http://www.ecsi.net) or call 1-866-927-1438 to enroll. There is a $65 annual enrollment fee.

Students participating in the ECSI plan make monthly payments, directly to ECSI, beginning as early as May 1. All payments will be due on the first of every month. Payments not received by the first of the month may be subject to account termination. If your account is closed, you are required to pay all university charges directly to UNI.
Refunds

When payments and/or credits are greater than the total charges, the result is a refund. Refunds are deposited electronically into the student’s checking or savings account via direct deposit. Students must enroll by logging into MyUNIverse > My Pages tab > Direct Deposit Sign-Up. It is the responsibility of the student to ensure the accuracy of the bank routing and account numbers to avoid delays in receiving the funds. Once enrolled, students will receive an automatic email notification each time that a refund has been sent to their bank account. Students are encouraged to verify receipt of funds with their bank prior to conducting any transactions.

The university will initiate direct deposit refunds daily beginning the first week prior to classes starting through the second week of classes to accommodate increased financial aid disbursements. Beginning the 3rd week of each semester, direct deposits will be initiated on Monday, Wednesday and Friday each week. If a student has not set up direct deposit, a paper refund will be available. Paper checks are available the Monday following when financial aid credits to create the refund.

Paper refunds are printed weekly on Friday and held for pick up at the Cashier’s window in Gilchrist 103. Students are required to provide valid identification when picking up their check. Checks not picked up within 14 days will be mailed to the student’s local address. As a result, the receipt of funds will be significantly delayed compared to direct deposit.

Parents can also have the Parent PLUS Loan deposited directly to their bank by completing the Parent PLUS Loan Direct Deposit Authorization form at www.uni.edu/obo/student_accounts.

If a university refund includes loan funds, the student has the option to return the entire refund or a portion to the Cashier’s window in Gilchrist 103. The cashiers will notify the Office of Student Financial Aid to reduce the loan for the current semester. UNI will return the funds to the appropriate lender thereby lowering the student’s total loan indebtedness.

If you received a refund yet still have a u-bill owed, you may not have given permission to authorize financial aid to pay miscellaneous charges (see page 21). Always check your u-bill for any charges not paid.

Collection Costs

If a student allows their u-bill to go more than four months past due and fails to respond to communications from Student Accounts staff, their account may be placed for collection with an outside agency. The cost of this action will be passed on to the student to pay.
Dropping Classes or Withdrawal from the University

Students may find themselves in a situation where they need to withdraw from one or more classes, or withdraw entirely from the University of Northern Iowa. In these situations, federal regulations may require that the university return a portion or all of the federal student aid that has been disbursed to the student. The amount of federal student aid that is required to be returned will vary depending on the date of withdrawal. If you are considering dropping one or more classes, or withdrawing from the university, it is important that you visit with a Financial Aid Counselor to discuss your situation. Dropping to less than half-time enrollment or withdrawing from all classes may affect the repayment status of your current or previous student loans.

Dropping Classes

The Office of Student Financial Aid monitors semester hours of enrollment for students who are receiving financial aid. Students who drop courses during the first two weeks of classes (but are still enrolled) will have their grants reduced accordingly. Students who drop courses after the first two weeks of the semester (but are still enrolled) will not have their financial aid adjusted. However, a student’s eligibility for financial aid in future semesters may be affected (see the Office of Student Financial Aid Satisfactory Academic Progress policy, pages 24-25).

Withdrawal from Classes

The Office of the Registrar has a tuition refund policy that determines the amount of tuition and fees that will be refunded to a student who withdraws from all classes. The amount is based on the date the student withdraws from the university, and may vary from 0 to 100 percent. Students should check with the Office of the Registrar or the university catalog to determine the amount of tuition and fees refund for which they may be eligible. Room and board refunds are made in accordance with the agreement set out in the Contract for Room and Board. Contact the Department of Residence for more information about room and board refunds.

Students who withdraw from all classes at the university before over 60 percent of the semester has passed are required to return unearned federal student aid in a proportion equal to the time not in attendance. For example, if a student completes 30 percent of the semester, then 30 percent of the federal aid received may be retained and the other 70 percent of federal aid received must be returned in the following order:

1) federal loans
2) federal grants
3) state programs
4) UNI grants and scholarships
5) outside agencies

Students are notified of any changes to their federal aid resulting from withdrawal, and should check their u-bill after they have withdrawn. Students who withdraw from all classes after 60 percent of the semester has passed will be able to retain all of the federal student aid that has been disbursed. Students should keep in mind that loans that were disbursed must still be repaid according to the terms of the promissory note.

Unofficial Withdrawals

At the end of each semester, the Office of Student Financial Aid reviews the status of students who received all F grades. Course instructors are contacted for assistance in identifying the last date of attendance. If a student stops attending all classes during a semester but fails to officially withdraw, the student will be considered “unofficially withdrawn” and is at risk of having portions of his/her financial aid returned based on the withdrawal percentages outlined above. Financial aid adjustments will be reflected on the University u-bill.
Satisfactory Academic Progress

The University of Northern Iowa has established requirements of Financial Aid Satisfactory Academic Progress (SAP) that all students must meet in order to be eligible for financial aid. The financial aid programs affected include, but are not limited to, all federal, state, and institutional aid including private education loans.

**Financial Aid Satisfactory Academic Progress Requirements and Review Process**

Financial Aid Satisfactory Academic Progress is evaluated yearly at the end of each spring semester for the previous Summer, Fall, and Spring semesters. To maintain eligibility for financial aid, students must meet the following three criteria:

1) **Minimum GPA:** Undergraduate and 2nd BA students must maintain a minimum 2.0 cumulative GPA. Graduate students must maintain a minimum 3.0 cumulative GPA.

2) **Pace of Progression:** Students must complete 67% of all coursework attempted at UNI. Attempted hours are based on enrollment at the end of the first two weeks of class during a semester. Only grades of A, B, C, D, X, Cr, or P are counted as meeting the required hours. Failed classes, withdrawn classes, and incomplete grades do not count as completed credit hours and will negatively affect the SAP calculation.

*Example:* A student has attempted 114 credits at UNI. Out of the 114 credits attempted, he has successfully completed a total of 87 credits (76% of the coursework attempted), thus meeting this standard of academic progress.

3) **Maximum Time to Complete a Degree:** Students who have completed all course and hour requirements to earn a degree will no longer qualify for financial aid. Students completing a double major or minor in conjunction with their first degree will no longer qualify for financial aid once the requirements for the initial degree are met.

Undergraduate students are also required to complete a degree within 12 full-time equivalent semesters (18 three-quarter time semesters or 24 half-time semesters). Second BA and graduate students are required to complete a degree within 6 full-time equivalent semesters (9 three-quarter time semesters or 12 half-time semesters). Transfer credits are counted toward the maximum timeframe to complete the degree. Students cannot receive financial aid for more than one degree at a time.

**NOTE:** The credit hours from a repeated course are counted as attempted hours every time the course is repeated. Once the course is passed, then the credit hours are counted as both attempted and completed credit hours.

**Financial Aid Suspension Status**

Financial Aid Satisfactory Academic Progress is reviewed on an annual basis following the conclusion of the Spring semester. Students must meet all three academic requirements (see above) at the time of review or they will be placed on Financial Aid Suspension. Students placed on Financial Aid Suspension MUST appeal to have their aid reinstated for upcoming semesters at UNI. Students who have successfully appealed will be placed on Financial Aid Probation or Financial Aid Academic Plan status, allowing them to receive aid based on conditions set forth by the Office of Student Financial Aid.

**Financial Aid Probation Status**

Financial Aid Probation is available for a maximum of one semester for students who have successfully appealed to have their aid reinstated. Students on Financial Aid Probation must continue to adhere to the Financial Aid Satisfactory Academic Progress Policy outlined above and any other conditions listed on the Appeal Approval Contract. Students on Financial Aid Probation status are reviewed at the end of each semester. Students not making progress toward the terms of their appeal contract will have their aid suspended and must appeal before a committee to have their aid reinstated.
Financial Aid Academic Plan

If it is not possible for the student with an approved appeal to achieve minimum Financial Aid Satisfactory Academic Progress standards within one semester, the student will be maintained on an Academic Plan. While on Financial Aid Academic Plan, students must meet all Financial Aid Academic Progress standards each semester. The conditions for the approved appeal will continue each term until the student meets the minimum standard(s) or fails to meet the conditions of the approved appeal. If the student fails to meet the appeal conditions, the student’s account will revert to Suspension Status indicating that the student is ineligible for aid.

Reinstatement of Financial Aid

Students placed on Financial Aid Academic Progress Suspension have the opportunity to appeal and/or have their previous grades reviewed by the Office of Student Financial Aid. Students have the following options for reinstatement:

1) **Meet all Financial Aid Satisfactory Academic Progress requirements.**
   - Undergraduate students must improve their cumulative GPA to the 2.0 minimum with graduate students meeting the 3.0 cumulative GPA minimum requirement, and
   - By meeting the 67% course completion standard.

2) **Initiate the financial aid appeal process.** Financial Aid appeals must demonstrate extenuating circumstances that impeded the students’ ability to make progress academically. All appeals must be accompanied by third party documentation of the circumstances encountered as well as an academic plan of study (signed by an academic advisor or a record analyst in the Registrar’s Office). Examples of extenuating circumstances include but are not limited to:
   - Personal or Family Emergency
   - Serious Medical Issues
   - Psychological Illness

3) **Review of grade changes to previously deficient course grades.** Students experiencing grade changes that may reinstate their eligibility should contact the Office of Student Financial Aid to have their academic progress reviewed.

The successful reinstatement of financial aid is not reflective of decisions regarding Registrar academic suspensions. Students on academic suspension should visit with the Registrar’s Office regarding reinstatement to UNI.

Financial Aid Appeal Process and Deadlines

An appeal process is in place for those experiencing extenuating circumstances that affected their ability to meet the Financial Aid Satisfactory Academic Progress standards. Appeal forms may be obtained from the Office of Student Financial Aid or online at www.uni.edu/finaid/academic-progress. **Appeals must be submitted no later than the end of the second week of classes following the suspended semester or within 14 calendar days of the date on the academic progress letter.** It is recommended that students submit their appeals as soon as possible to avoid processing delays.

All appeals must be accompanied by third party documentation of the circumstances encountered, a description of how circumstances have changed to allow for future academic success, as well as an academic plan of study (signed by an academic advisor or a record analyst in the Registrar’s Office) demonstrating that the student can successfully meet Financial Aid Academic Progress policy within a reasonable amount of time, thereby allowing them to matriculate toward their degree within the timeframe set forth within the above policy.

Reinstatement of the financial aid is contingent upon the availability of the funds at the time the appeal is approved. Approved appeals require a signed contract to be returned to the Office of Student Financial Aid.

Denied Financial Aid Appeals

Students denied financial aid eligibility may continue attending UNI by funding their own education. If students meet all of the progress standards in the future, they must contact the Office of Student Financial Aid to request a review of their financial aid status.
Repeating Coursework & Financial Aid Implications

Federal regulation limits the number of times a student may repeat a course and receive financial aid for that course.

- A student may receive aid when repeating a course that was previously failed regardless of the number of times the course was attempted and failed.
- A student may receive aid to repeat a previously passed course only one additional time.
- This policy applies whether or not the student received aid for earlier enrollments in the course.

Summer Financial Aid

For financial aid purposes the 2013 summer session is considered the final term of the 2012-13 award year. Federal aid programs have a maximum amount of aid that can be received during an academic year. For example, a dependent freshman with 0-29 hours may only borrow $5,500 in combined Direct Subsidized and Unsubsidized Loans for the year (fall, spring and summer). Therefore, summer aid may be limited if the maximum amount for the year has already been received during fall and spring semesters.

To be eligible for financial aid for the summer of 2013, you must:

- Be admitted to the University of Northern Iowa and be enrolled in a degree program. Undergraduate students who have already received a bachelor’s degree are eligible for financial aid if they are enrolled in a second undergraduate program, or in a teacher-licensure program. Non-degree students are not eligible for financial aid. If you are enrolled as a non-degree student, and want to receive financial aid, contact your academic department or the Registrar’s Office to determine your degree status.
- Be enrolled at least half-time: 5 hrs for undergraduates and 4 hrs for graduates. Students enrolled in less than half-time may be eligible for any remaining Pell Grant eligibility and/or private student loans. Audited courses, guided independent study and Camp Adventure courses do not count towards enrollment for financial aid purposes.
- Be making satisfactory academic progress (SAP) according to the standards set forth by both the Office of Student Financial and the Registrar’s Office. For further information about Financial Aid SAP, see Satisfactory Academic Progress Policy pages 24-25.
- Have a 2012-13 FAFSA submitted by June 30, 2013
- You must not have been convicted under federal or state law of the sale or possession of drugs, if the offense occurred during a period of enrollment for which you were receiving federal student aid (grants, loans, and/or work-study).
- You must not be in default on a federal student loan nor owe money on a federal student grant.
- Summer financial aid is limited and may not be available for all students.

Enrolling at Another Institution for Summer (Consortium Agreement)

If you are taking classes at another institution during the summer, you may still be eligible to receive financial aid through the University of Northern Iowa and use your financial aid to pay your host institution as long as you are a degree-seeking student at UNI and meet other requirements for summer aid. You will need to meet with a Peer Counselor in our office to complete a UNI Consortium Agreement. A consortium agreement is an agreement between you, the UNI Office of Student Financial Aid and your host institution stating that UNI will be providing financial aid for the period of enrollment specified in the agreement. You are not limited to the number of summer consortiums you may complete during your enrollment at UNI. [Fall or spring consortiums are limited to one during your undergraduate career at UNI.] During your summer enrollment, you will be billed directly by your host institution and can use your financial aid received at UNI to pay your bill there. If you withdraw from classes at your host institution after you receive your financial aid, you may be required to repay all or part of the funds.
Types of Financial Aid for Summer

The **Federal Pell grant** may be awarded to eligible undergraduate students pursuing their first bachelor’s degree. If you received the Pell grant during the fall and spring semesters, you may be eligible to receive additional Pell funds during the summer if you did not enroll full-time in either fall or spring semester, or both.

**Scholarships** are not awarded by the Office of Student Financial Aid during the summer but may be awarded by your department or outside agencies. Grants, scholarships and loans from other sources count as financial aid and must be reported to the Office of Student Financial Aid.

**Direct Stafford Loans** may be available during the summer depending on the amount borrowed during the fall and spring semesters and are subject to the annual loan limits as shown on page 17.

**Federal Perkins Loans** may be available to qualifying students during the summer contingent upon available funding.

**Direct PLUS Loans for parents (and for graduate students)** are available for parents and graduate students who need additional funding. For information about how to apply for these loans, see page 18.

**Private education loans** may be the only type of financial aid available for some students during the summer term. If you are in need of financial assistance beyond your federal aid, you could explore private education loans through a private lender such as a bank or credit union. Any student who borrows a private education loan is required to meet with a financial aid counselor in the Office of Student Financial Aid before the student’s eligibility for a private loan can be certified to the lender.

**Federal Work-Study** funds are not available during the summer. If you have a work-study position, we encourage you to check with your employer to see if there are departmental funds available for summer employment.
Miscellaneous

Budget Increases

If you experience unusual expenses related to college, such as car repairs, a computer purchase, or commuting expenses, you may be able to request an increase in your budgeted cost of attendance (see page 4). This additional budget amount may only increase your eligibility to borrow loans, so be sure to consider whether you are able to pay for these expenses with employment earnings, savings, or financial assistance from family or friends. Requests for budget increases require documentation of the expenses and will be reviewed on an individual basis. Contact the Office of Student Financial Aid for more information.

Child Care Expenses

If you have children for whom you pay childcare expenses to a childcare provider so that you can attend school, you should contact the Office of Student Financial Aid for information regarding adjustment of your cost of attendance.

Consortium Agreement (concurrent enrollment at another institution)

Students who are concurrently enrolled at more than one institution may only receive financial aid at one school. If you are planning to take a course at another institution while you are attending UNI, you should make an appointment with a financial aid counselor to discuss your financial aid options. You may be able to complete a Consortium Agreement between UNI and your host school. A consortium agreement is an agreement between you, the UNI Office of Student Financial Aid and your host institution stating that UNI will be providing financial aid for the period of enrollment specified in the agreement. You must be enrolled in as many or more hours at UNI as you are enrolled at your host institution. You will be billed directly by your host institution for the course(s) taken there and can use your excess financial aid received at UNI to pay your bill there. If you withdraw from classes at your host institution after you receive your financial aid, you may be required to repay all or part of the funds. You may complete one consortium agreement during a fall or spring semester while enrolled as an undergraduate at UNI.

Study Abroad

The Study Abroad Center offers academic opportunities in more than 60 countries for students who are interested in studying abroad. The cost for study abroad programs varies widely, depending on the type, length of time, and location of the program. Once you have selected a program and received a cost sheet, you should set up an appointment with a Financial Aid counselor to discuss your funding options. You may be able to request an increase in your budgeted cost of attendance based on the cost of your particular study abroad program. This additional budget amount may only increase your eligibility to borrow loans, so budget wisely and consider other sources of financial assistance such as your parents, family, and earnings from summer employment.

Other Revisions to Your Financial Aid Award

There may be other situations when your financial aid package is revised due to changes in your status (e.g. enrollment, degree status, residency, grade level changes, or the receipt of additional aid from other sources). Your financial aid will be revised in accordance with federal, state and institutional guidelines, and you will be notified of the changes.

Unusual Circumstances

The Office of Student Financial Aid recognizes that students and families may experience special circumstances that affect their ability to pay for college. If you experience financial difficulty due to unusual circumstances such as high medical expenses or loss of income, please contact our office for details on how we may be able to assist you. You will be asked to provide documentation to support any changes that may be affecting your ability to pay for school.
“Live Like a Student” Financial Literacy Program

The UNI Office of Student Financial Aid has introduced a comprehensive financial literacy program entitled “Live Like a Student.” The “Live Like a Student” initiative is designed to educate students on the importance of financial goals and budgeting, promote living within their means, and foster a better understanding of how actions today will affect their financial future. “Live Like a Student” programming has been designed to provide students with a broad knowledge base concerning their personal finances while allowing for personalized attention to assist in finding the solutions that are best for them.

What does it mean to “Live Like a Student?” It means that you must make responsible decisions regarding money...

$ Budget and have financial goals.
Budgeting is one of the fundamental principles of money management, and while it seems simple, it must be a conscious decision that guides you on a daily basis.

$ Live within your means.
Don't spend more money than you have. Purchases with credit are similar to taking a loan in that they must be repaid with interest.

$ Understand how actions today will affect your financial future.
Act responsibly regarding student loans, bill paying and the use of credit cards. Your choices today could impact your ability to live the lifestyle you desire upon graduation.

Want to learn how to “Live Like a Student?”
One of the primary services available to students are the FREE three week (6 sessions total), non-credit “Live Like a Student” seminars that are offered at a variety of times throughout the academic year. Attendees will explore the concepts of personal budgeting, credit and credit cards, student loans and identity protection. Seminars will be led by staff members from the Office of Student Financial Aid and graduate assistants. A $500 scholarship will be awarded each month the class is offered. Interested students may learn more or register at www.uni.edu/finaid.

In addition, the Office of Student Financial Aid will be offering a variety of group/organizational workshops for students. Each session can be designed to meet the specific needs of the group. One-on-one money management counseling appointments are also available to students at their convenience. Please contact Tim Bakula, Associate Director of Financial Aid at tim.bakula@uni.edu for more information on how to schedule group or individual sessions for students.
