All accepted summer financial aid is scheduled to disburse to your U-Bill the week prior to the beginning of your first summer course. If excess funds are credited to your account, a refund will be direct deposited into the bank account that you have registered with UNI.

NOTE: If you drop credits after you receive your financial aid or if you receive funds that were not reported (e.g. scholarships) you may be required to return all or a portion of your funds.

WHEN WILL MY SUMMER FINANCIAL AID BE DISBURSED?

If you received the Pell Grant during the fall and spring semesters, you may be eligible to receive additional Pell funds during the summer if you did not enroll full time in either the fall or spring semester.

EXAMPLE: You have a 0 EFC, allowing you to be eligible for up to $5920 in Pell Grant for the academic year ($2960 per semester). You only enrolled in 9 hours for fall and thus received the pro-rated amount of $2220 for fall. You enrolled full-time for spring and received the full Pell award of $2960. You would be eligible for up to $740 of Pell Grant for summer.

HOW DO I KNOW IF I AM ELIGIBLE FOR A SUMMER PELL GRANT?

Financial aid is only available from one institution at a time and should be awarded by the college from which you will be receiving your degree. If you are taking classes at another institution during the summer and plan on using financial aid from UNI to pay the bill at your host institution, see the Office of Financial Aid & Scholarships to complete a consortium agreement. A consortium agreement is an agreement between the student, UNI, and the host institution stating that UNI will be providing financial aid to the student for the specific enrollment period outlined in the agreement.

Once the consortium agreement is processed by UNI, financial aid will credit directly to your U-Bill at UNI. This could occur as soon as the week prior to the beginning of your first summer course. Financial aid funds will first pay off the summer balance owed to UNI. If excess funds are available after disbursement, a refund will be directly deposited into your bank account (if you have signed up for direct deposit). It is your responsibility to pay the other institution according to their due dates. You are encouraged to make sure all prior semesters are also paid in full at this time. If you drop credits after you receive your funds or if you receive additional funds that were not reported, you may be required to repay all or part of your financial aid.

WHAT IF I AM TAKING CLASSES AT ANOTHER SCHOOL?

Work-Study funds are only available during the fall and spring semesters. We encourage you to check with your employer to see if there are departmental funds available for summer employment.

CAN I RECEIVE WORK-STUDY DURING THE SUMMER?

June 30: Last date for a valid 2017-18 FAFSA to be received by the school. If you have already filed a 2017-18 FAFSA but did not request UNI’s school code 001890, please update this at www.fafsa.gov.

NOTE: Students will also want to make sure they have also filed the 2018-19 FAFSA if they plan to attend in the upcoming fall and spring semesters.
